Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

X Schoolwide Program

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

The School Plan for Student Achievement (SPSA) is meant to consolidate all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), pursuant to the California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA).

The purpose of the SPSA is to increase the overall effectiveness of the school program by crafting a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. The school's plan is to innovate and enhance programs with their federally funded programs and align them with the priority goals under the state's Local Control Funding Formula (LCFF). Using various data points to identify areas of strength and need we will work with all stakeholders to identify evidence-based strategies to increase achievement to for students not meeting academic standards.

The School Site Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications in the plan to reflect changing needs and priorities, as applicable, pursuant to EC 52853(b) and 52855.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. The SPSA provides schools with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement.

Comprehensive Needs Assessment Components

Data Analysis
Please refer to the School and Student Performance Data section where an analysis is provided.

Surveys
This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the school-year, and a summary of results from the survey(s).

Teachers, staff, parents, and students were surveyed this year as part of the LCAP data gathering process. Designated schoolwide parent events were selected where the survey was administered. Parent representatives, including Spanish-speaking parents, and Site Council members took the survey in the Parent Center. Results were tabulated centrally and were shared to the Board of Education. A Title 1 parent survey is also administered at the end of the year. The School Site Council reviews the results and makes recommendations to enhance the Title 1 program based on these results.

Classroom Observations
This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

District and Site Administrators visit classrooms on a regular basis. Teachers are observed on a regular basis during the school year and written and oral feedback is provided in all core subjects, including English Language Arts, Math and English Language Development. The areas of focus for the feedback is on the following: content objectives, language objectives, academic vocabulary development, collaborative conversations, adherence to common core curriculum, effective instructional strategies, classroom management, student engagement, differentiation of instruction according to the student's ELPAC performance levels.

Analysis of Current Instructional Program
The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

Instruction in the classroom is organized according to instructional units aligned to Common Core State Standards. Frequent and varied progress monitoring occurs through common formative interim assessments. End of unit or mid-range summative assessments prepare students for the California Assessment of Student Performance and Progress.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Teachers are in the process of aligning curriculum embedded and common formative assessments aligned to common core standards. Data results from these assessments will be utilized during PLC time to ensure that all students are progressing and to determine which students are in need of differentiation or additional instructional support.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

All Valleydale staff meet the highly qualified staff requirements.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

All Azusa classrooms meet the standard for sufficiency of credentialed teachers. AB 466 training is being augmented by common core aligned professional development.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

An effective program of professional development is provided to all new and continuing teachers, based on current research and the English–language arts and mathematics common core standards.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

AUSD has made a commitment to ensure professional development for teachers that focuses on student learning. Attention has been given to tailoring curriculum and instruction to students' needs, all of which is compatible with current research and the common core English–language arts and mathematics content standards. Ongoing activities have been scheduled with an in-depth focus and coaching availability. Activities may include a variety of strategies to help teachers reflect, discuss, analyze and refine their own professional practice. Time has also been allocated to apply what they have learned and sustain improved instruction. Evaluation and follow-up are essential components of the professional development plan.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

A strong emphasis on Professional Learning Communities K-12 is currently underway. The professional day has been flexibly reorganized to ensure frequent and timely teacher collaboration.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Instructional materials are aligned to Common Core State Standards and incorporate specific strategies, teaching/instructional activities, procedures, examples, and opportunities for review and application consistent with current and confirmed research. In support of practice and motivation, students at every grade level have access to and are encouraged to use a collection of interesting and suitable fiction and non-fiction library books, in addition to their required texts. Supplementary units aligned to Common Core State Standards are being developed. Instructional material aligned to Common Core State Standards in language arts and mathematics is also being acquired.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

At the primary level a minimum of two and one-half hours of instructional time is allocated to language arts instruction daily. In grades four through fifth, two hours (or two periods) of instructional time are allocated to language arts instruction daily through core instructional periods or within a self-contained classroom. Students with special learning needs are provided additional instructional time and support. Additional time is allocated within the school day, before school, after school, and during vacation periods as necessary.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

Careful examination of student data by instructional teams leads to flexible groupings to allow students to receive intervention and/or acceleration within the content area. Students in need of intervention are provided with additional instructional time through extended day, tutorials or additional support classes within the instructional day.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

The school/district provides locally adopted, standards-aligned, basic core instructional programs and materials in Reading/ Language Arts (RLA)/English language development (ELD) in every classroom with materials for every student, including ancillary materials for universal access. The school/district also provides Common Core State Standards (CCSS)-aligned instructional materials.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

As common core implementation progresses, current materials are being enhanced and replaced with common core aligned materials. Units of study are being developed to ensure adherence to common core standards with the use of existing materials.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

The regular instructional program design includes tiered intervention strategies to assist students in meeting grade level standards. Ongoing assessment of students make it possible for teachers to carefully organize resources and instruction and adapt the classroom program to meet individual needs.

Evidence-based educational practices to raise student achievement

Districtwide systems ensure that all instructional staff know the essential elements of research-based programs. Professional Learning Community initiatives have served as a catalyst to create a culture within the school in which effective research-based programs are valued and expected.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Students in need of additional assistance can receive tutorial services through different programs. Think Together, Azusa city library, Homework House, Migrant Education homework centers and PASS credit recovery are available for extra assistance.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

Continuing efforts are made to keep parents and families well informed about the language arts curriculum their children receive and the progress their children are making in learning to read, write, speak, and listen. Outreach is provided to inform parents and families about the English–language arts content standards, the district's curriculum and assessment programs, and the degree to which students in the school and district are mastering the standards in the language arts. As common core implementation is expanded, parent advisory groups are kept abreast of the changes in the instructional program. Efforts are currently underway to bring in-depth information to parents regarding the Common Core State Standards and the progress in their implementation.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Schoolwide systems of intervention have been established through strategic use of categorical funds. Students in need of additional support receive assistance through flexible groupings, extended day and extended year interventions and differentiated instructional materials.

Fiscal support (EPC)

Strategic use of categorical funds make it possible to supplement the basic instructional program. Additional material resources and personnel ensure that students in need of academic intervention receive the assistance they require.

Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

The School Site Council (SSC) consists of the principal, elected members including three classroom teachers, one additional elected staff member, and five elected parents/community members. SSC meets on a minimum of five times per year, discuss, and give input on the creation of the school's areas of need, goals, and action plans. The SSC approves budget allocations and all changes to the SPSA. In addition, the SSC reviews action items for effectiveness and makes recommendations based on the data provided during the reviews.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

The ESSA states that resource inequities may include a review of LEA and school-level budgets. Through the comprehensive needs analysis, the district reviews a variety of data to identify, diagnose, and address sources of inequity to inform improvement decisions. Potential inequities were reviewed at all school sites based on California Dashboard metrics and ESSA requirements. Local, state and federal resources are allocated to schools based on a fair and equitable formula that provides opportunities for site input and flexibility, and also provides means to address identified areas for support and improvement. Title I and Supplemental and Concentration Grant funds are allocated based on a per-pupil allocation by grade span. Sites are allocated General Fund based on a per-pupil allocation as well. California Dashboard shows the District met standard for appropriately assigned teachers and all students have access to their own copies of instructional materials for home and school.

2. 60% was the average in all grade levels , of students who scored near/at or above standard in the area of Communication Reasoning: demonstrating ability to support mathematical conclusions

3. The overall average for all grade levels was 53% (at/near or above standard), in Problem Solving and Modeling/Data Analysis: Using tools and strategies to solve real world and mathematical problems.

Although both Senate Bill 98 and Assembly Bill 130 suspended the publication of state indicators on the 2020 and 2021 California School Dashboards, these bills also required the reporting of valid and reliable data that would have been included in these Dashboards.

To meet this requirement, CDE has made available the Enrollment, Graduation Rate Additional Report and the College/Career Measures Report data available. All other reports are not available for 2020 and 2021.

This section provides information about the school's student population.

Chronic Absenteeism

Although both Senate Bill 98 and Assembly Bill 130 suspended the publication of state indicators on the 2020 and 2021 California School Dashboards, these bills also required the reporting of valid and reliable data that would have been included in these Dashboards.

To meet this requirement, CDE has made available the Enrollment, Graduation Rate Additional Report and the College/Career Measures Report data available. All other reports are not available for 2020 and 2021, thus the most recent data (2019 Fall) is provided here.

The performance levels are color-coded and range from lowest-to-highest performance in the following order:

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Proficiency in Reading/Language Arts and Mathematics

LEA/LCAP Goal

Through a collaborative, improvement-driven stance, Azusa USD will ensure all students achieve at grade level on California State Standards and that achievement gaps are reduced. We will prioritize emerging bilingual students' language acquisition, reclassification, and academic achievement.

Goal 1

By June 2023, all students, including all significant subgroups will increase scoring at or above grade level proficiency in the following: California Assessment of Student Performance and Progress (CAASPP) interim and formative assessment tools, Performance Tasks, District Benchmarks, Running Records, local reading assessments (iReady, STAR).
ELA
1. The percentage of students that "Meet or Exceed Standards" will increase
2.The percentage of students scoring "Standards Not Met" will decrease
MATH
1. The percentage of students that "Met or Exceeded Standards" will increase
2. The percentage of students scoring "Standards Not Met" will decrease

Identified Need

ELA
Based on 2020-2021 District Assessment data:
1. 25% of all students are "Meeting or Exceeding Standards"
2. 75% of all students are not meeting standards
3. The EL subgroup was at 16% proficiency

Reading Inventory
Based on 2020-21 District Assessment Reading Inventory Data:
1. The proficiency percentage for all students was 31%
2. The percentage of students scoring "Standards Not Met" was 69%

MATH
Based on 2020-21 District Assessment data:
1. 42% of all students are "Meeting or Exceeding Standards"
2. 58% of all student are not meeting standards
3. The EL subgroup was 37% proficiency

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
ELA Based on 2020-21 District Assessment Data: 1. All students, EL, and SpEd Subgroups will increase their proficiency percentage 2. The percentage of EL and SpED subgroups in the "Standards Not Met" category will decrease	ELA Based on 2020-21 District Assessment Data: 1. The proficiency percentage for all students was 25%, the EL subgroup was 16% proficiency, and the SpEd subgroup proficiency was 12% 2. Annual Review

SPSA Year Reviewed: 2021-22

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS
Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Could not fully implement strategies due to Covid-19 closure; 30 day extension requested for the school plan

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Goal Subject

English Learner Progress

LEA/LCAP Goal

Through a collaborative, improvement-driven stance, Azusa USD will ensure all students achieve at grade level on California State Standards and that achievement gaps are reduced. We will prioritize emerging bilingual students' language acquisition, reclassification, and academic achievement.
Through a collaborative, improvement-driven stance, Azusa USD will address diversity, equity, and inclusion for all students, including diminishing systemic barriers and racism that exist and elevating culturally relevant teaching/learning.

Goal 2

By June 2023, English Learner's academic language development and achievement will increase as evidenced by these measures:
* the reclassification rate will increase
* the number of long-term English Learners (LTELs), or students at risk of becoming long term English Learners will decrease.

ELA
Based on District Assessment data:
1. The percentage of EL students that scored proficient overall will increase
3. The percentage of EL students that scored not standard not met overall will decrease

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

1 School Principal

3 Classroom Teachers

1 Other School Staff

5 Parent or Community Members

Name of Members	Role
Horacio Trejo	Principal
Maria Torres	Parent or Community Member
Leurdes Acosta	Parent or Community Member
Rubiselda Perez	Parent or Community Member
Rosalva Ramirez	Parent or Community Member
Denice Lopez	Parent or Community Member
Miriam Wiley	Classroom Teacher
Betsy Andres	Classroom Teacher
Maria Solis	Classroom Teacher
Alejandra Madrigal	Other School Staff

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:
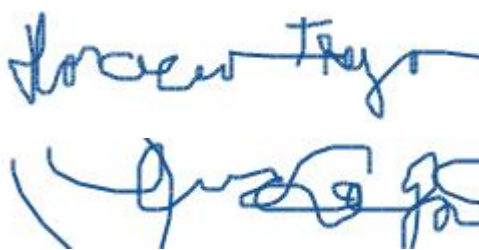

Signature	Committee or Advisory Group Name

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 09/03/2020.

Attested:

Principal, Horacio Trejo on 05/11/2022

SSC Chairperson, Denice Lopez on 05/11/2022

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

For additional questions or technical assistance related to LEA and school planning, please contact the Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the local educational agency, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

For questions or technical assistance related to meeting federal school improvement planning requirements (for CSI, TSI, and ATSI), please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Stakeholder Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school's identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school's identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the "Strategy/Activity #" for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency's budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating "All Students" or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

● Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

● Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

● Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.
From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

● Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.

● Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan
I. The development of the SPSA shall include both of the following actions:

 A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.

  1. The comprehensive needs assessment of the entire school shall:

   a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and

   b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—

    i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and

    ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and

    iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.

    iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.

    v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.

 B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan
II. The SPSA shall include the following:

 A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

B. Evidence-based strategies, actions, or services (described in Strategies and Activities)

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--

    a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards

    b. use methods and instructional strategies that:

        i. strengthen the academic program in the school,

        ii. increase the amount and quality of learning time, and

        iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.

    c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:

        i. strategies to improve students' skills outside the academic subject areas;

        ii. preparation for and awareness of opportunities for postsecondary education and the workforce;

        iii. implementation of a schoolwide tiered model to prevent and address problem behavior;

        iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and

        v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.

C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.

D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).

1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;

2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and

3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).

F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to

1. Ensure that those students' difficulties are identified on a timely basis; and

2. Provide sufficient information on which to base effective assistance to those students.

G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.

H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).

I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Appendix B:

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Stakeholder Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);

2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseinvestment.pdf);

3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and

4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Stakeholder Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and

2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseinvestment.pdf.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.
