AUSD High School Completers - Colleges/Universities

Community College UC/CSU Private/Out of State

Dual Enrollment* (DE):

High school students take college courses and earn college credit

- **Dual Credit***: students earn credits and fulfill both high school and college graduation requirements (college credits transferable to CSU/UC)
- **Courses are weighted***: e.g. “A” grade will factor as a 5.0 for the high school GPA
- **Explore career interests***: Business, Engineering, Automotive, Computer Science
- **College admission officers**: know students are college ready since they have already passed college courses with a “C” or higher
- **No Cost - FREE!** Students do not pay for tuition, registration, fees, or books

*Not all districts offer this opportunity or benefit
