2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement

The mission at Magnolia Elementary School is to maintain a collaborative and cooperative learning environment among students, families, and community members; provide rich learning experiences that allow all students to thrive and achieve the rigorous demands of academic standards; implement teaching practices that are reflective and responsive to the needs of our students; integrate the use of technology to support instruction; create a safe and nurturing learning environment that promotes life long learning; and build a community where character counts and all demonstrate respect for self, peers, staff, and the environment.

2024-25 School Description and Mission Statement

Magnolia Elementary School provides a positive environment that is conducive to learning. Through Positive Behavior Interventions and Supports, the focus is on reinforcing positive behavior that meets our WILD expectations. All students are expected to make Wise Choices, Inspire Others, Lead by Doing, and Develop Solutions (WILD). Parents and students are informed of discipline policies at the beginning of each school year through classroom orientation and parent/student handbooks. Positive reinforcements are issued frequently to acknowledge students for good citizenship and achievement. Magnolia Elementary School holds monthly WILD time assemblies in which students are recognized for achievement and positive behavior. Students who exemplify positive character have the opportunity to participate in Positive Behavior Interventions and Support (PBIS) Celebration Events and other classroom-based incentives. To build self-esteem, promote achievement, and aid in the prevention of behavioral problems, students are encouraged to participate in the school's additional academic and extracurricular activities. These include Student Council, THINK Together, PBIS Celebration Events, conferences, and Family Nights. Progress reports are sent home during each trimester to inform parents when student progress does not meet grade level expectations. Report cards are sent home at the close of each trimester.

Leadership at Magnolia Elementary School is a responsibility shared among the District administration, the principal, staff, students, and parents. Primary leadership duties are assumed by the principal, Marcella Fonseca. The principal oversees the day-to-day operations of the school. Collaborating with the principal are the Leadership and Positive Behavior Interventions and Supports teams, which meet to focus on instructional practices and programs. Teachers meet as Professional Learning Communities at the grade level and across the grade levels to align instruction to state standards. Staff members and parents participate on various committees to ensure instructional programs are consistent with students' needs and comply with District goals. These committees include the School Site Council (SSC) and the English Language Advisory Committee (ELAC).

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements

The District makes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses a facility survey instrument developed by the State of California and internal instruments aligned to the state tool. The results of this survey are available at the District's Maintenance, Operations, and Transportation office.

Magnolia Elementary School provides a safe, clean environment for students, staff, and volunteers. Built in 1964, with modernizations made in 2005, the school sits on nine acres. Facilities span 396,714 square feet and include a multipurpose cafeteria, 20 permanent classrooms, six portable classrooms, a playground, and a media center with a library and computer/innovation lab. The facility strongly supports teaching and learning through its ample classroom and playground space and a staff resource room.

A scheduled maintenance program is administered by Azusa Unified School District to ensure that school grounds and facilities remain in excellent repair. A work order process is used when issues that require immediate attention arise. Emergency repairs are given the highest priority, and repair requests are completed efficiently and in the order in which they are received. School site leadership and the District Maintenance, Operations, and Transportation Department are aware of the areas of need identified in facility inspections and are working collaboratively to address each one.

During the day and in the evenings, three custodians ensure classrooms, restrooms, and campus grounds are kept clean and safe. Azusa Unified School District administers a scheduled maintenance program to ensure that classrooms and facilities are maintained to a degree of adequacy that provides a suitable learning environment.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

Mathematics (grades 3-8 and 11)	24	31	22	22	34	35

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Parents and community members are very supportive of the educational program at Magnolia Elementary School. Magnolia Elementary School enjoys and benefits from many community partnerships and generous donations. Parents and the community have the opportunity to participate in the following:

- Back to School Night
- Holiday Story Night
- School Site Council
- English Language Advisory Committee
- Community Schools Advisory Committee
- Parent Education Opportunities
- Parent Coffees
- Open House
- Volunteerism
- Fall Festival (made possible through joint efforts of school staff and the Azusa Community)
- Parent Advisory Committee Plus (PAC+)
- Superintendent and Parent Roundtable

Additional opportunities may be found on the Activity Calendar published on the Magnolia Elementary School website.

2024-25 School Safety Plan

The safety of students and staff is Magnolia Elementary School's primary concern. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted on a regular basis throughout the school year. Annually, our school practices a complete earthquake drill, which includes an entire school evacuation. All visitors must sign in at the front office, wear identification tags while on the school grounds, and sign out upon departure. Staff perform supervision before school, after school, and during recess. Noon supervisors are on duty during lunch to ensure the safety of all our students. Teachers, staff, and administrators are trained and practice lock-down procedures that, in an emergency, can secure the entire campus.

A Comprehensive School Safety Plan was developed by the School Safety Committee in order to comply with Senate Bill 187. The plan provides students and staff a means to ensure a safe and orderly learning environment. The School Safety Committee evaluates the plan annually and updates the plan as needed. The School Site Council approves the Comprehensive School Safety Plan each spring.

Fiscal Year 2023-24 Types of Services Funded

Azusa Unified School District receives funding from state and federal funding sources. Through the Local Control Funding Formula (LCFF), California provides base funding to support the achievement of all students and Supplemental and Concentration funds directed primarily toward English learners, low-income students, and foster youth. The District receives additional funding from federal categorical, special education, and support programs to support all students at all schools. In addition, the District receives grant funding from state, federal, and other non-government sources.

Types of services funded include:

- Standards-aligned instructional materials
- Professional development for certificated and classified staff
- Academic intervention and support (i.e., targeted Title I)
- Support for English learners and their families
- College preparation programs
- Educational technology assistance
- ROC/P at high schools
- Career & Technical Education Pathways
- Special Education
- Home-to-School transportation
- Health and nutrition programs

In addition to the District-supported supplemental programs, Magnolia Elementary School provides:

- Targeted small group intervention
- After school tutoring
- Computer based programs to accelerate student learning
- Enrichment opportunities
- Field trips for experiential learning

Professional Development

The District annually holds professional development days in which teachers are offered a broad variety of professional learning opportunities in curriculum and instructional practice in support of a continuous cycle of improvement. Professional learning opportunities include grade-level and/or content-specific programming on full and partial days, as well as after-school opportunities. Student achievement data continues to be the determining factor in the selection of professional learning topics. Over the past five years, the primary focus of professional learning has been supporting teachers in math, English Language Arts/English Language Development, history-social science, and science curricula, content standards, and frameworks, as well as using student data to improve instructional practices. Professional learning is developed and facilitated by District staff, Teachers on Special Assignment, as well as consultants and coaches who specialize in content-area pedagogy. Professional learning was structured in job-embedded workshops and professional learning communities, which included collaborative lesson planning, lesson study, classroom observations and coaching support, and student work/data analysis. Professional learning for all teachers includes strategies and pedagogy to support learners' access to rigorous, grade-level standards. All professional learning includes a special emphasis on supporting the development of English learners' development of academic language and literacy. Beginning in 2017 through 2024, all teachers participated in multiple days of systematic, District-wide professional learning with a focus on instructional strategies in support of our three student success drivers: academic discourse, collaborative practices, and cognitive rigor. This school year, we placed added focus on addressing issues related to diversity, equity, and inclusion, grading practices, social-emotional learning, and the effective implementation of Professional Learning Communities.

Based on state, District, and local data, the primary focus at Magnolia Elementary School is improving achievement in reading, math, and writing across the curriculum. Grade-level teams are provided release time every six weeks and two early release days each month to participate in Professional Learning Communities, where teams hold data-driven conversations focused on student learning and planning how they will respond to the data. Professional development opportunities are delivered through grade-level collaborations, after-school training, and conference attendance. Teachers are supported during implementation through in-class coaching, teacher-principal meetings, and collaborations with colleagues. Teachers receive instructional materials and technology to implement strategies and practices acquired through professional development.
