District's Budget

## Superintendent's Message

Each year, under the leadership of the Assistant Superintendent of Business Services, the District engages in a thorough budget development process to set the course for the coming year. This process involves input from school sites, District office departments, a public hearing for community input, partnership with our labor partners, and a vote by the Board of Education.

The District budget assists in communicating our values and vision for the District and our priorities for our students. With a balanced and transparent budget process, we can clearly articulate our goals for educational programming, facilities improvement, and future growth.

Over the last few years, we have been able to maintain a balanced budget while improving our school sites with features such as innovation labs, new exterior paint, fencing, and safety features such as cameras and lock blocks. We will continue to be fiscally responsible while providing a modern learning environment that meets the needs of every student, fosters and supports innovative teaching and learning, and promotes student achievement at all levels.

We are excited to begin 2023-2024 with new classroom furniture, fencing upgrades, new playground equipment, and much more! Additionally, we have made progress on our public annual facilities maintenance plan; mapping out regular maintenance and upgrades for each site in the coming year.

We remain in tune with the economic climate, rising costs, and the reality of declining enrollment in the San Gabriel Valley. While these things may pose budget challenges, we will remain steadfast in providing the best learning environment for our students and meeting their academic and social-emotional needs.

Thank you for your trust and confidence in us as we work to provide high-quality academic programs, robust career pathways, and a safe and modern learning environment.

## Board of Education and District Administration

Azusa Unified School District (AUSD) serves the residents of the City of Azusa, parts of Covina, and unincorporated Los Angeles County. A total population of approximately 48,676 citizens results in a student TK-12 enrollment of 6,690 during the 2022-2023 school year. The 2023-2024 Adopted Budget is presented for the District's seven elementary schools, one middle school, two high schools, as well as an Adult Education Center and Longfellow School.

The 2023-2024 Adopted Budget represents a continuation of District educational programs through the Board of Education's core values:

- Collaboration
- Honesty and Integrity
- Being Student-Centered
- Accountability

The budget is evaluated against the District's core values and has the following objectives:

- |                         |                                   |
|-------------------------|-----------------------------------|
| Student Achievement     | Student Engagement                |
| Other Student Outcomes  | School Climate                    |
| Basic Services          | Parent Involvement                |
| Course Access           | Implementation of State Standards |
| Diversity and Inclusion |                                   |

The budget process starts in January of each year with the Governor's Proposed Budget, and continues through the adopted budget plan for the coming fiscal year. Azusa Unified School District, like most school districts in California, is dependent upon the State for much of its revenue each year. The District's Adopted Budget revenue projection is developed based on California State's May Revise Budget projections, along with the District's student enrollment projection for the budget year.

## Executive Summary

## Education Services

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as status). For this year only, performance levels will be reported using one of five status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. However, the Azusa Unified School District's Local Indicators regarding Teachers, Instructional Materials, and Facilities; Parent and Family Engagements, and Local Climate, are included on the Dashboard.

The Teachers, Instructional Materials, Facilities Local Indicator measures address the percentage of appropriately assigned teachers, students' access to curriculum-aligned instructional materials, and safe, clean and functional school facilities. As applicable, all school sites promptly address any complaints and other deficiencies identified throughout the academic year, and provide annual information on progress meeting this standard to the local governing board at a regularly scheduled meeting, and reports to stakeholders and the public through the Dashboard. Current information include the following:

- Mis-Assignments of Teachers of English Learners: **0**
- Percent of Students Without Access To Their Own Copies of Standards-Aligned Instructional Materials For Use At School And At Home: **0**
- Instances Where Facilities Do Not Meet The "Good Repair" Standard (Including Deficiencies And Extreme Deficiencies): **0**

In addition to providing appropriately credentialed and assigned teachers, standards-aligned instructional materials, and ongoing maintenance of facilities, Azusa Unified School District is currently in the final process of spending General Obligation Bond funds generously approved by City of Azusa voters in November of 2014. The District has been modernizing and updating school sites, beginning with those sites not previously modernized. Recent upgrades to facilities include state-of-the-art athletic fields at both comprehensive high schools. In addition to bond-funded projects, other improvements to schools have also been ongoing, as the District seeks to further improve learning environments for students. In response to the COVID-19 pandemic, AUSD purchased additional instructional materials, personal protective equipment, sanitizing equipment, water stations, and other safety-based facility improvements.

The Parent and Family Engagement measure addresses how a Local Educational Agency (LEA) builds relationships between school staff and families, builds partnerships for student outcomes and seeks input for decision-making. LEAs report progress of how they have sought input from parents in decision-making and promoted parent participation in programs to its local governing board or body using the State Board of Education adopted self-reflection tool for Priority 3 at the same meeting at which the LEA adopts its Local Control and Accountability Plan (LCAP), and reports to stakeholders and the public through the Dashboard:

- LEA's progress in developing the capacity of staff (i.e. administrators, teachers, and classified staff) to build trusting and respectful relationships with families: Full Implementation

- LEA's progress in creating welcoming environments for all families in the community: Initial Implementation
- LEA's progress in supporting staff to learn about each family's strengths, cultures, languages, and goals for their children: Full Implementation
- LEA's progress in developing multiple opportunities for the LEA and school sites to engage in two-way communication between families and educators using language that is understandable and accessible to families: Full Implementation and Sustainability

Azusa Unified School District strongly supports parents in learning about district-adopted curriculum, standards, and teaching strategies. As the District implements and adopts frameworks, standards, and curriculum, parents are provided opportunities to preview, provide input, and gain an understanding of the expectations and resources that AUSD provides students. School sites provide families with workshops that outline family connections to curricula. Principals and District instructional leaders meet with parents to outline curriculum and content with a focus on the role families play in supporting students. AUSD offers additional ways for parents to engage with schools and teachers in supporting students. Schools have used Families in Schools modules in past years. One strength of these parent workshops is the leadership building that occurs for our AUSD parents. Some modules enhance academic achievement, such as the very popular Reading Roads module. Other modules provide resources and strategies that parents can use to support student transitions to middle school, high school, and college. AUSD also initiated the Azusa Parent Learning Network. Partly in response to the need to support parents during the COVID-19 pandemic, the District offered monthly network meetings focused on topics identified by parents as areas of need. The Azusa Parent Learning Network is a multilingual forum and available to all parents, families, and the extended AUSD community. AUSD seeks to find ways to broaden engagement by encouraging and welcoming larger groups of parents in all forums. As more parents become engaged through the various committees, meetings, and workshops, AUSD hopes to also increase understanding of how families can effectively advocate for students.

- LEA's progress in providing professional learning and support to teachers and principals to improve a school's capacity to partner with families: Full Implementation
- LEA's progress in providing families with information and resources to support student learning and development in the home: Full Implementation
- LEA's progress in implementing policies or programs for teachers to meet with families and students to discuss student progress and ways to work together to support improved student outcomes: Full Implementation

- LEA's progress in supporting families to understand and exercise their legal rights and advocate for their own students and all students: Full Implementation

Azusa Unified School District takes great pride in the family partnerships that have been a core foundation of the District and schools. The positive relationships between staff and families have served to support student outcomes and improve schools and the District as a whole. Through both formal and informal opportunities, parents and families can engage in the education of students. Parent survey results and parent feedback support the analysis that parents feel welcome and listened to at both the District and school levels. Some of the strengths of AUSD include the opportunity for Spanish-speaking parents to participate in meetings and committees as well as engage individually with school and District staff. All meetings offer translation. A large number of AUSD teachers speak both English and Spanish and every school site has a bilingual community liaison to support translation in family engagement forums. Formal meetings and committees are often facilitated discussions rather than simple presentations so that two-way communication can be maximized. Schools and teachers welcome parents/families to consult on student progress formally at District-calendared conferences or informally anytime through email, phone calls, web-based applications, or appointments. The District also uses ParentSquare, an online portal, which allows two-way communication between parents and teachers. The District has trained all school office employees through Families in Schools' "Welcoming Environment" training module. During the COVID-19 pandemic, increased efforts to connect with parents/families took place. Many meetings are made available in-person and through online formats (hybrid). To better serve all populations in the AUSD community, the District will continue to explore opportunities to increase staff formal training in parent engagement strategies and expand understanding and appreciation of the different cultures, languages, and backgrounds of our students and families, especially those less represented in AUSD. Further, we will work to expand our focus on supporting staff learning about our families' strengths, cultures, languages, and goals for children through professional development focused on culturally relevant educational practices.

- LEA's progress in building the capacity of and supporting principals and staff to effectively engage families in advisory groups and with decision-making: Full Implementation
- LEA's progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision-making: Full Implementation and Sustainability
- LEA's progress in providing all families with opportunities to provide input on policies and programs, and implementing strategies to reach and seek input from any underrepresented groups in the school community: Full Implementation and Sustainability
- LEA's progress in providing opportunities to have families, teachers, principals, and district administrators work together to plan, design, implement and evaluate family engagement activities at school and district levels: Beginning Development

AUSD has a long history of collaborative, positive relationships between schools and families. Year after year, parents report high levels (>60%) of engagement with District schools. Because of the successes, AUSD was selected as one of six districts in the state to be part of California's Community Engagement Initiative Professional Learning and Learning Network. Participation in this network has allowed AUSD to share promising practices with other districts and schools. AUSD infuses community engagement into all areas of the District. Throughout the school year, multiple opportunities exist for families to be part of their child's education and to support school and District decision-making. One of the strengths of AUSD is the many opportunities for families to partner with the District in developing and recommending improvements and changes. School Site Council meetings, English Learner Advisory Councils, school parent organizations, the District Parent Advisory Committee (PAC+), District English Learner Advisory Council, and the Superintendent's Roundtable all provide formal avenues for families to partner in decision-making and the continuous cycle of improvement in AUSD. These committees and meetings take place on an ongoing basis and intentionally seek diversity and the voices of all students, staff, families, and the community. Furthermore, as AUSD looks to the future and the reorganization of the District, parents serve on a specialized group providing recommendations to the Board of Education. One of the greatest strengths of AUSD is the incorporation of families/parents and the community into all aspects of AUSD, from District departments to each school. Future growth will be focused on continued diversity of representation through tracking of the student populations that make up the District and ensuring there is equitable representation so that all voices are heard in decision-making.

The Local Climate Survey measure addresses information regarding the school environment based on a local climate survey administered every other year on the topics of school safety and connectedness. Local Education Agencies (LEA) report how they administered a local climate survey (at least every other year) that provides a valid measure of perceptions of school safety and connectedness to their local governing boards at a regularly scheduled meeting and reports to stakeholders and the public through the Dashboard. The summary of progress is required to be based on information collected that captures a valid measure of student perceptions of school safety and connectedness in at least one grade within the grade span. AUSD administers a District Annual Survey each year. Results include data in multiple areas including engagement, culture, safety, belonging and peer collaboration (connectedness), and relationships. Data measures the District's progress on state Priority Six. Survey results administered to grades 3-12 reflect the following about school connectedness and safety in AUSD.

Key Measures: Percent positive responses by students

- Engagement: Elementary 89% Middle 57% High School 56%

- Culture: Elementary School 32% Middle School 49% High School 38%
- Belonging & Peer Collaboration: Elementary 59% Middle School 52% High School 41%
- Relationships: Elementary School 82% Middle School 52% High School 35%
- Safety: Elementary School 61% Middle School 58% High School 52%

Differences in student responses in the key measures of climate exist between grade levels; this has been an ongoing trend districtwide, statewide, and nationwide. Differences between the grade spans include:

- 33% more elementary school students expressed high levels of engagement when compared to high school students.
- 32% more elementary school students expressed high levels of engagement when compared to middle school students.
- Smaller differences between the three grade spans exist in the key measure of school culture, with 32% of elementary school students expressing positive responses to questions in this theme, 17% more middle school students expressed positive responses, and 6% more high school students expressed positive responses to questions contained in the culture theme.
- 59% of elementary school students surveyed responded positively to questions addressing belonging and peer collaboration; close to half of High school students responded positively (41%) as did middle school students (52%).
- High levels of elementary school students responded positively to questions contained in both the relationships and safety themes. High school and middle school students indicated lower levels of positive responses to relationship questions (Middle 52%, High 35%).
- The majority of students at all grade spans indicated mid-levels of feeling safe, 61% of elementary school students, 58% of middle school students, and 52% of high school students.

AUSD results are on average or higher than those reported by similar California schools as well as schools nationwide. In the area of relationships and culture, AUSD students' positive responses are in the top 25% in the nation for elementary schools. Relationships and culture impact school climate, they address students' feelings of being cared about, feeling respected by staff, and indicate how students treat each other and staff. Decisions based on this data have been made to address needs by focusing on social-emotional learning, restorative practices, conflict resolution, and diversity, equity, and inclusion. Staff professional learning will focus on the identified areas of need and contribute to students' overall school success.

In 2021-2022, AUSD saw small declines in student positive responses. The impact of COVID-19 mandates, campuses that were closed to the public, and the inability to hold community events due to state and county health orders were some of the contributing factors. Azusa Unified publicly shared results of the District Annual Survey including those addressing State Priority 6. Results were used to drive the evaluation of prior initiatives and to support the development of the 2022-2023 LCAP.

On May 12, 2023, California Governor Gavin Newsom presented the May Revision to the proposed state budget. The proposal includes a 8.22% statutory cost-of-living adjustment (COLA) to the Local Control Funding Formula (LCFF), as well as a 8.22% COLA to Special Education and other programs outside the LCFF.

The Governor maintains funding for all items in the January budget proposal and makes the following notable changes with the May Revision:

- **Maintaining Strong Support for Schools**
  - The May Revision adjusts and repurposes prior one-time allocations to continue supporting and maintaining critical ongoing education investments. The May Revision repurposes modest portions of the funding previously provided to support the Arts, Music, and Instructional Materials Block Grant and the Learning Recovery Emergency Block Grant to support the Local Control Funding Formula.
- **Local Control Funding Formula (LCFF)**
  - The 2023-2024 cost-of-living adjustment is updated from 8.13 percent at the Governor’s Budget to 8.22 percent at the May Revision.
- **Literacy**
  - To target appropriate progress monitoring, interventions and support for students at risk of reading difficulties, the May Revision requires LEAs to begin screening pupils in kindergarten through second grade for risk of reading difficulties, including dyslexia, by the 2025-2026 school year.
- **Nutrition**
  - Due to greater demand for meals reimbursed in the paid category than was projected for the 2022-2023 and 2023-2024 fiscal years at the Governor’s Budget, the May Revision includes an additional \$110 million one-time Proposition 98 General Fund and approximately \$191 million ongoing Proposition 98 General Fund to fully fund the program in the 2022-2023 and 2023-2024 fiscal years.

## Adjusting One-Time Resources

Since available Proposition 98 resources have declined by approximately \$2 billion below the Governor's Budget estimate, and because Public School System Stabilization Account deposits are projected to increase by roughly \$2.2 billion over the Governor's Budget estimate, the May Revision proposes reducing support for the following one-time programs to better enable the state to support and maintain critical ongoing education investments:

- Arts, Music, and Instructional Materials Discretionary Block Grant

A decrease of approximately \$607 million one-time Proposition 98 General Fund for the Arts, Music, and Instructional Materials Block Grant, taking proposed support for the Block Grant from \$2.3 billion Proposition 98 General Fund at the Governor's Budget to approximately \$1.8 billion Proposition 98 General Fund at the May Revision. The Arts and Music in Schools: Funding Guarantee and Accountability Act (Proposition 28) is expected to provide approximately \$933 million ongoing Proposition 98 General Fund beginning in 2023-2024.

- Learning Recovery Emergency Block Grant

A decrease of approximately \$2.5 billion one-time Proposition 98 General Fund for the Learning Recovery Emergency Block Grant, taking support for the Block Grant from approximately \$7.9 billion at the Governor's Budget to approximately \$5.4 billion at the May Revision.

## Significant Adjustments

- Restorative Justice Practices

An increase of \$7 million one-time Proposition 98 General Fund to provide support for local educational agencies opting to implement the Restorative Justice best practices that will be developed and posted on the Department of Education's website by June 1, 2024, pursuant to Chapter 914, Statutes of 2022 (AB 2598).

**Executive Summary**  
**Total District**  
**Budgeted Revenues**  
**2023-2024**

- Golden State Teacher Grant Program

As referenced in the Higher Education Chapter, an increase of \$6 million one-time federal funds to support grants to teacher candidates enrolled in a special education teacher preparation program who agree to teach at a high-need school site. Additionally, the May Revision alters proposed statutory changes transmitted with the Governor's Budget to maintain the requirement that awardees serve in high-need schools.

- After School Education and Safety Programs

An increase of \$3 million ongoing Proposition 98 General Fund to the Los Angeles County Office of Education to contract with Save the Children to support after school programs in rural districts.

- California School Information Services

An increase of approximately \$2.1 million ongoing Proposition 98 General Fund to support the California School Information Services division of the Fiscal Crisis and Management Assistance Team.

- Professional Development and Leadership Training

An increase of \$1 million ongoing Proposition 98 General Fund for the Los Angeles County Office of Education to support professional development and leadership training for education professionals related to antibias education and the creation of inclusive and equitable schools, pursuant to Chapter 13, Statutes of 2015.

- Local Control and Accountability Plan Query Tool and eTemplate

An increase of \$148,000 ongoing Proposition 98 General Fund to support refinements to the Local Control and Accountability Plan Query Tool and eTemplate.

## Local Control Accountability Plan

The changes to the LCAP template adopted in November 2021 make close coordination between an LEA's fiscal and programmatic leadership more critical than ever. All members of the leadership team need to be actively engaged in LCAP development to ensure accurate alignment of the budget, the LCAP, and non-LCAP planning processes. The requirements to calculate and implement carryover for increased and improved services make it imperative that the expenditure tables related to the Annual Update and the LCAP/BUDGET year planned Goals and Actions are as accurate as possible. All constituents should carefully consider the implications of any actual (Annual Update) and potential (LCAP/Budget) carryover requirements. Given the unprecedented one-time financial resources coupled with uncertainty about the sustainability of initiatives funded with these resources, LEAs may need to plan for carryover, but the rationale for such a plan should be clearly communicated to all educational partners.

## Executive Summary Total District Budgeted Revenues 2023-2024

## Reserves / Reserve Cap

Existing law imposes a 10% cap on the amount local school districts can maintain in their reserves in fiscal years immediately succeeding those in which the education rainy day fund (Public School System Stabilization Account) balance is at least 3% of TK-12 Prop. 98 funding. This condition was met with the 2022-2023 deposit amount, triggering the local reserve cap for the 2023-2024 fiscal year and will remain operative in 2024-2025.

Basic aid districts and small school districts with fewer than 2,501 ADA are exempt from the requirement.

Affected local school districts will need to comply with the law (Education Code Section 42127.01(a)) by taking action by June 30, 2023, with the adoption of their budgets, as well as anticipate that the cap on their reserves will be in place for the foreseeable future.

Azusa Unified School District is not exempt from the reserve cap, but there are several options available to ensure compliance:

- Commit reserves rather than leaving them in assigned or unassigned – a commitment requires board action through a resolution adopted before the end of the fiscal year
- Transfer reserves to funds other than Fund 17
- Contribute to restricted resources within the general fund
- If a formal salary offer has been negotiated, but negotiations remain unsettled, consider budgeting the cost of the formal salary offer

Districts that project reserves in excess of 10% are encouraged to work with their county offices to explore the available options to meet the reserve cap as part of the budget adoption process.

Due to the reserve cap trigger language, during the 2022-2023 fiscal year, the Board of Education took action to commit the funds in Fund 17. This action ensures the ending fund balance of the general fund equates to no more than 10% of the total general fund expenditures, transfers out and other uses.

## Executive Summary Total District Budgeted Revenues 2023-2024

## Special Education

The 2023-2024 budget proposals significantly build on special education funding augmentations and other changes provided over the past three years.

The Special Education Base Rate is first increased by the estimated COLA of 8.22% resulting in a 2023-2024 base rate of \$887.40 (currently \$820) per ADA. Special Education Local Plan Areas (SELPA) with a base rate greater than \$887.40 per ADA in 2023-2024 will continue to be funded at their current rate. Allocations will be calculated at the LEA level rather than the SELPA level, but funding will continue to flow through SELPAs. Each LEA's allocation will be based on ADA reported for the current year, most recent prior year or second most recent prior year (whichever is greater), multiplied by the base rate of \$887.40 per ADA. SELPA base grant allocations will be the sum of all member LEAs' individual allocations. Funding exhibits for each LEA will be provided by the CDE, and SELPAs must report the amount of funding generated by each member LEA no later than 30 days after receiving their apportionment.

The COLA for AB 602 Special Education funding is also applied to relevant special education add-ons:

- Program Specialist/Regionalized Services, which is calculated based on 2019-2020 SELPA Funded ADA
- Low Incidence, which is based on eligible pupil count
- Out-of-Home Care

## Executive Summary Total District Budgeted Revenues 2023-2024

## Summary

The content noted above was data and guidance provided to District from Schools Services California, Capital Advisors, and the Business and Administration Steering Committee for fiscal planning and the development of the 2023-2024 Adopted Budget and multiyear projection. The information provided for fiscal year 2023-2024 and beyond includes the latest known proposals and projections to assist with multiyear planning. Though the report outlines increased funding, both one-time and on-going, staff will continue to assess funding and needs. Not knowing what the future holds, it remains essential that the District continuously assess program and facility needs and plan accordingly to maintain fiscal solvency and educational program integrity.

Executive Summary  
**Total District  
Budgeted Expenditures  
2023-2024**

The District's total budgeted expenditures for 2023-2024 are \$209,460,594. This is an increase of \$10,981,355 compared to Estimated Actuals 2022-2023. Of the total District budgeted expenditures, the General Fund accounts for 80%; Bond Interest and Redemption Fund for 4%; Cafeteria Fund for 3%; Self Insurance Fund for 2%; and, the remaining funds account for 11% of the remaining expenditures.

**Executive Summary**

**2023-2024**

The District's single largest source of funding is Local Control Funding Formula (LCFF) revenue. LCFF was enacted into law for the 2013-2014 fiscal year and replaced the Revenue Limit model that had existed in California for nearly 40 years. The LCFF revenue is 67% of the District's General Fund budget. In a normal year the LCFF revenue is closer to 75% of the General Fund. It is lower for 2021-2022 due to Coronavirus Relief funds provided by the State and Federal government.

One of the goals of the LCFF is to simplify how state funding is provided to LEAs. Under the old funding system, each school district was funded based on a unique revenue limit, multiplied by its ADA. In addition, districts received restricted funding for over 50 categorical programs which were designed to provide targeted services based on the demographics and needs of the students in each district.

Under the LCFF funding system, revenue limits and most state categorical programs were eliminated. The LCFF creates funding targets based on student characteristics and provides greater flexibility to use these funds to improve student outcomes. The following are the components of a district's LCFF:

- Grade span-specific base grants based on ADA, that reflect adjustments for grades TK–3 class sizes and grades 9–12;
- Supplemental grants equal to 20 percent of the adjusted base grants multiplied by the LEA's UPP of English learners, income eligible for free or reduced-price meals, homeless, and foster youth pupils;
- Concentration grants equal to 50 percent of the adjusted base grants multiplied by an LEA's UPP above 55 percent; and
- Two add-ons equal to the amounts school districts received in 2012–2013 for the Targeted Instructional Improvement Block Grant and Home-to-School Transportation programs.

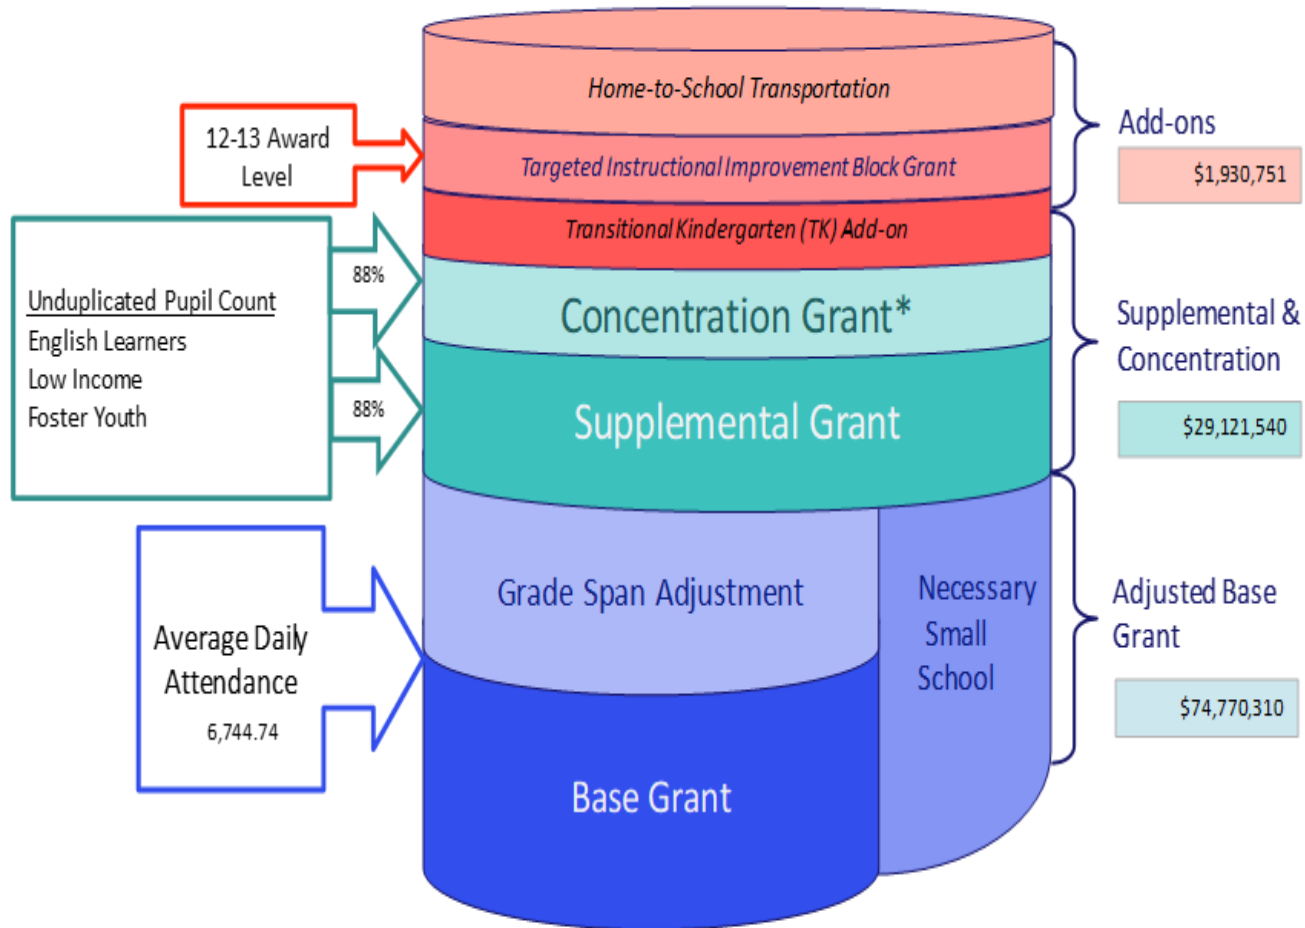

AUSD's UPP for 2022-2023 was 89.16%. The District is projecting 89.39% UPP for the 2023-2024 fiscal year. The District is one of many districts in Los Angeles County with a UPP greater than the 55% threshold and receives the Concentration Grant. The District is funded at a higher (Per Pupil) rate than other unified districts in Los Angeles County due to receiving the additional funding.

\* As per the California Department’s note on Local Control Accountability Plan (LCAP), The Minimum Proportionality refers to the proportion of supplemental and concentration funds to base funds the school receives. Districts and charter schools are required to state and justify how they have used the supplemental and concentration funds to increase or improve services for the unduplicated student population by at least the proportion of additional funds received.

## Azusa Unified School District's Enrollment Patterns

The projected TK through 12th grade enrollment for the 2023-2024 school year is 6,512 a decrease of 178 from the 2022-2023. The decline is attributed to the District's 2022-2023 graduating class being larger than the 2023-2024 incoming TK and Kindergarten enrollment.

## Executive Summary Student Enrollment Projections

The District's total General Fund budgeted revenue for 2023-2024 is \$166,405,343. In 2023-2024 the LCFF will account for 64% of the District's unrestricted General Fund revenues. Other State sources of income are 12% of the General Fund in 2023-2024. Federal revenue sources are 18% of the General Fund. Other local revenue (not property taxes) account for the remaining 6% of the District's General Fund revenue for 2023-2024.

2023-2024 General Fund Expenditures

**Executive Summary**  
**General Fund**  
**Expenditures**

Much of the expenditures in the General Fund are in compensation, which includes 31% for certificated salaries, 11% for classified salaries, and 18% for benefits. Books and supplies account for 19% of the expenditures, contracted services 18%, other outgo 3%, and capital outlay less than 1%.

Certificated salaries total \$51,360,030 and classified salaries total \$19,033,159. Together these total \$70,393,189 an increase of \$718,666 from 2022-2023 estimated actual expenditures. This increase is explained in detail in the financial section of this report.

Employee benefits total \$30,150,667 an increase of \$115,564 compared to 2022-2023 estimated actual expenditures. Changes are the result of increased PERS employer rates and staffing increases related increase program support.

Books and supplies total \$32,736,388, an increase of \$21,488,588 from 2022-2023 estimated actual expenditures. Significant changes in books and supplies are due to the projected spending of COVID-19 relief funds. The plan for these expenditures was presented to the Board of Education and approved during the 2021-2022 fiscal year.

As with any educational organization, people and/or positions are the key factors in budget development. The certificated and classified staff all play an important role in continuing the District's success. All AUSD employees help to ensure the safe and positive learning environment in the District. Through the allocation formulas that AUSD has established, the District will ensure that proper staffing will be allocated to help meet the goals and objectives of the Board of Education. The District tracks employees by Full-Time Equivalents (FTEs).

Executive Summary  
**General Fund  
Expenditures**

The District’s ending fund balance is the accumulation of results from prior years. The ending fund balance is measured against the State’s minimum reserve requirement of 3%. The general reserve in AUSD is a safety net for budget issues that may arise and helps to manage cash flow during the year. Current year revenues, less current year expenditures, either adds to, or subtracts from the District’s beginning fund balance. The Board of Education has not established policy that requires the District to maintain minimum general reserve beyond the required 3%.

The Adopted Budget document provides the reader with a detailed review of the goals and objectives of Azusa Unified School District and how the District allocates its funds to meet those objectives. The budget has been completed to provide the readers with a more readable document in understanding the school district budget and California school finance.

In the 2023-2024 fiscal year, Azusa Unified School District projects to receive \$195,506,187 and spend \$209,460,594 from all District funds, with a staffing of approximately 798 employees. Twelve TK-12 school sites will be served, with the vision that each student will be a problem solver, critical thinker, an effective communicator, and a positive contributor to the community.

The next page includes a summary of all District funds for both revenues and expenditures.

An issuance of Certificates of Participation (COPs) is a mechanism for providing capital to school districts and county offices to purchase equipment, finance construction projects, or refinance existing leases. This financing technique provides long-term financing through a lease with an option to purchase or a conditional sales agreement.

The major disadvantage of a COPs is that there is no repayment source connected to its issuance, such as there is with an issuance of general obligation debt. The lease obligation is payable out of the general fund or from other available revenues.

The District issued a COPs in Fiscal Year 2001-2002 which was subsequently refinanced in 2004, 2012, 2015, and 2022. The final payment in Principal and Interest, due in 2040, will be \$5,403,002 (see chart below). Based on the current interest rates, the District could save approximately \$608,504, net of all estimated issuance expenses by refunding the 2015 COPs.

The following is a summary of the debt obligations of the District relating to the forms of financing described above. For additional information on the District’s debt, please refer to the Long-Term Obligations section of the budget.

## Executive Summary Debt Obligation

During 2019-2020, the District offered a Voluntary Retirement Program (VRP) to qualified certificated and classified employees. Eligibility requirements are that employees must be at least age 55 with 10 or more years of service in the District as of June 30, 2020. VRP benefits are based on 85 percent of the STRS/PERS creditable compensation for the fiscal year. All contributions to the VRP plan will be made by the District, and no employee contribution is required to participate. The District will fund the benefits over a five-year period. Currently, there are 36 employees participating in this plan and the District's obligation to those retirees as of June 30, 2022, is \$1,180,108.

Future payments are as follows:

<b>Fiscal Year</b>	<b>Payment</b>
2023-2024	\$590,054
2024-2025	\$590,054
<b>VRP Total</b>	<b>\$1,180,108</b>

This section of the budget document summarizes the major changes in General Fund revenue projections due to the Governor’s May Revision projection of the 2023-2024 State budget, as well as the assumptions used in the development of revenues and expenditures for the District’s 2023-2024 General Fund budget.

### Summary of 2023-2024 State Education Budget

Proposition 98 was approved by voters in November 1988. With the approval of Proposition 98, the minimum funding level for K-14 education became a constitutionally protected portion of the State budget. Proposition 98 funding is estimated to be \$106.7 billion during the 2023-2024 fiscal year. The State budget continues to fully implement the Local Control Funding Formula (LCFF). This funding model provides additional funds to districts based on their unduplicated percentage of students who are English language learners, from low-income families, foster youth, and homeless. Districts with a high percentage of these populations will receive substantially more funding.

### Proposition 98 Adjustments to 2021-22 and 2022-23

- The state adjusts the minimum guarantee for the two years preceding the budget year (2023-24)
- Over the two years, the net adjustments are a virtual wash
  - From January to May
    - Up \$139 million in 2021-22
    - Down \$220 million in 2022-23
  - The 2022-23 minimum guarantee at May Revision is markedly lower than 2022-23 Enacted Budget estimates—\$3.6 billion lower

In the early 1990's, California saw itself drop from a position of providing a relatively high level of support to public education to a position of ranking close to the bottom when comparing per pupil expenditures in California with other states throughout the country. This graph displays what has occurred during the past several years relative to California's historical support for public education.

From 1989-1990 through 1996-1997, California's expenditures per student declined compared to the national average. California showed some improvement from 1997-1998 through 2002-2003. During the recession years of 2007-2008 through 2012-2013, California dropped relative to the rest of the nation. Since then, the full implementation of the LCFF has raised California to an average ranking of 22nd spanning 2015-2016 through 2020-2021. Currently the state ranks 17th in per pupil spending.

In October 1991, Governor Wilson signed into law Assembly Bill 1200 which allowed school districts to choose one of two methods for the approval of their local budgets. For the last thirty (30) fiscal years, as well as the 2022-23 fiscal year, the Governing Board has adopted the single budget adoption process which requires a school district to conduct its public hearing and adopt its final budget by July 1 of each year. The selection of the single budget adoption process further requires a district to make available for public review, within forty-five (45) days of the Governor’s signing of the State Budget, “revisions in revenue and expenditures that reflect the funding made available” by the State Budget Act.

The process of developing a school district budget is an ongoing function that must be addressed by the Board and Administration throughout the school year. To effectively develop a fiscal document that reflects the goals and objectives of the school district, the budget process must include a well-defined budget calendar outlining when each component of the budget is to be completed.

Although there are numerous deadlines used in the development of the 2023-2024 budget, the calendar highlights the main steps, specifically those involving the Governing Board.

Following is the budget calendar for its use in the 2023-2024 budget adoption process.

## Organizational Section Budget Calendar

The District accounts for its financial transactions in accordance with the policies and procedures of the Department of Education's California School Accounting Manual. The accounting policies of the District conform to accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board and by the American Institute of Certified Public Accountants.

The following is a summary of the significant accounting policies:

- A. **Fund Accounting** - The accounts of the District are organized based on funds or account groups, each of which is a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues and expenditures, as appropriate. District resources are allocated to, and accounted for, in individual funds based upon the purpose for which they are to be spent and how spending activities are controlled. The District accounts are organized into major and non-major governmental, proprietary, and fiduciary funds.

Major Governmental Funds:

- The General Fund is the main operating fund of the District and is used to manage all financial resources except those required to be accounted for in another fund.
- The Building Fund accounts for the acquisition of major governmental capital facilities and buildings from bond proceeds.
- The Capital Facilities Fund accounts for revenues received from developer fees.

Non-Major Governmental Funds:

- Special Revenue Funds account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes. Funds in this category include the Charter Schools Fund, Adult Education Fund, Child Development Fund, Food Service Fund, and Deferred Maintenance Fund.
- Capital Projects Funds are used to account for the acquisition and/or construction of all major governmental general fixed assets. Funds in this category include the County School Facilities Program Fund and the Special Reserve Fund.

**Organizational Section**  
**Significant Accounting**  
**Polices and Terms**

- Debt Service Funds account for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs. The Bond Interest and Redemption Fund is the only AUSD debt service fund.

#### Proprietary Funds:

- One type of Proprietary Fund is the Internal Service Fund. This fund renders services to other organizational units of a Local Educational Agency on a cost reimbursement basis. The fund is generally self-supporting. AUSD has established an Internal Service Fund for Self-Insurance. This fund separates money for self-insurance activities from other operating funds of the District. Health and welfare activities are accounted for in this fund.

#### Fiduciary Funds:

- Agency Funds account for assets held by the District as trustee. The District maintains the Warrant/Pass-Through Fund to account for District payroll transactions.

B. Basis of Accounting - Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Government-wide revenues and expenditures are recorded using the modified accrual basis of accounting. Fiduciary funds use the accrual basis of accounting.

#### Accrual:

- Revenues are recognized when earned and expenses are recognized when incurred.

#### Modified Accrual:

- Revenues are recorded in the fiscal year in which the resources are measurable and become available. Available means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. Revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and entitlements are recognized in the fiscal year in which all eligibility requirements have been satisfied.

### Organizational Section

## Significant Accounting Policies and Terms

- Expenditures are generally recognized in the accounting period in which the related fund liability is incurred. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds. When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first then unrestricted resources as they are needed.

C. Budgets and Budgetary Accounting – Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all government funds. By State law, the District's Governing Board must adopt a final budget no later than July 1. A public hearing is conducted prior to adoption to receive comments. The budget is revised by the District's Governing Board during the year to consider unanticipated income and expenditures. Formal budgetary integration was employed as a management control device during the year for all budgeted funds. The District employs budget control by minor object and by individual appropriation accounts. Expenditures cannot legally exceed appropriations by major object account.

D. Encumbrances - Encumbrance accounting is used in all budgeted funds to reserve portions of applicable appropriations for which commitments have been made. Encumbrances are recorded for purchase orders, contracts, and other commitments when they are initiated. Encumbrances are liquidated when the commitments are paid.

E. Inventories - Inventories are recorded using the consumption method, in that inventory acquisitions are initially recorded in inventory accounts and the cost is recorded as expenditure at the time items are requisitioned. Inventories are valued on the weighted average method. Reported inventories are equally offset by a fund balance reserve which indicates that these amounts are not available for appropriation and expenditure even though they are a component of net current assets.

**Organizational Section**  
**Significant Accounting**  
**Polices and Terms**

F. Prepaid Expenditures - The District has the option of reporting expenditures in governmental funds for prepaid items either when purchased or during the benefiting period. The District chooses to report expenditures in the benefiting period.

G. Capital Assets - Assets purchased or acquired with an original cost of \$25,000 or more are reported as capital assets.

H. Fund Balance Categories - GASB 54 requires the fund balance amounts to be properly reported within the fund balance categories below:

- Non-spendable - This is the fund balance associated with revolving cash funds, inventories and prepaids.
- Restricted - This includes amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation.
- Committed - This includes amounts that can be used only for the specific purposes determined by a formal action of the Governing Board (the District's highest level of decision-making authority).
- Assigned - These funds are intended to be used by the government (District) for specific purposes but do not meet the criteria to be classified as restricted or committed.
- Unassigned - This is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications

The following reports provide the reader with a more detailed and comparative view of revenues and expenditures. The first report following this narrative is a one-page summary of revenues and expenditures by major object classification reflecting 2022-2023 actuals, 2022-2023 Estimated Actuals, and the 2023-2024 Adopted Budget. The second report shows the same information with greater detail on functional basis. This gives the reader an alternate view of the same data. The function classifications are:

- Instructional (classroom costs)
- Instructional Related (staff development, library, school administration)
- Pupil Services (guidance/counseling, health, speech, testing, transportation, psychological services)
- Ancillary Services (school sponsored co-curricular and athletic events)
- Community Services (community recreation fee-based programs)
- General Administration (board, district administration, financial, human resources, warehouse, data processing)
- Plant Services (maintenance, custodial, grounds, security)
- Other Outgo (debt service, transfers between funds and agencies)

## Revenue Sources

The District categorizes its General Fund revenue into five sources:

1. LCFF revenue
2. Federal revenue
3. Other State revenue
4. Other Local revenue
5. Other sources

**LCFF Revenue Sources:** In fiscal years 1973-74 through 2012-2013, California school districts operated under general purpose Revenue Limits established by the State Legislature. In general, Revenue Limits were calculated for each school district by multiplying the actual Average Daily Attendance (ADA) by a base Revenue Limit. The basic Revenue Limit calculations were adjusted annually in accordance with several factors designated primarily to provide cost of living increases and to equalize revenue among all California school districts of the same type.

Funding of the District's Revenue Limit are provided by a combination of local property taxes and State apportionments of basic and equalization aid. Generally, the State apportionments amount to the difference between the District's Revenue Limit and its local property tax revenue.

The LCFF became the new funding model for school districts within the State of California beginning in the 2013-14 fiscal year. This change from Revenue Limit funding to LCFF increased the funding overall under that area of General Fund revenue, although some of the funding has been moved from Other State revenue for programs such as Class Size Reduction and many other programs that were previously categorically funded.

Beginning in 1978-79, Proposition 13 and its implementing legislation provided for each county to levy (except for levies to support prior voter-approved indebtedness) and collect all property taxes. Prop 13 prescribed how levies on countywide property values are to be shared with local taxing entities within each county. Local Control Funding Formula Sources are projected to be 54% of General Fund revenues for 2023-2024.

**Federal Revenue Sources:** This categorical of revenues are received from the United States Government, and is restricted (categorical) in nature. This means these funds must be expended on special programs. Major sources of federal revenues include Title I, Title II, and Special Education (to name a few). Federal revenues comprised approximately 13% of General Fund revenues in 2022-2023 and are projected to be 18% in 2023-2024.

**Other State Revenue Sources:** Other State revenue includes the California State Lottery which was established by a constitutional amendment approved in the November 1984 General Election and revised by Proposition 20 in 1999. Lottery revenue must be used for the education of students and cannot be used for non-instructional purposes such as real property acquisition, facility construction, or the financing of research. Lottery revenue comprises .82% of General Fund revenue in 2023-2024. Expanded Learning Opportunities Program (ELO-P) funding represents 4.12% of General Fund revenue. ELO-P, STRS on Behalf entry, and Lottery revenue make up the largest portions of this category. Other State revenues comprise approximately 18.8% of General Fund revenues in 2022-2023 and are projected to be 12% in 2023-2024.

**Other Local Revenue Sources:** The District receives additional local revenue from items such as interest earnings, local donations, fee-based programs, leases and rentals, and other local sources. Other local revenues comprised 7% of General Fund revenues in 2022-2023 and are projected to be 6% 2023-2024.

**All Other Financing Sources:** Other Financing Sources include revenues received from other educational entities such as the Joint Powers Authority Agreement. Interfund transfers are accounted for in other sources as described by the California School Accounting Manual.

## Revenue Classifications

For reporting purposes, General Fund revenues are divided into five (5) major account classifications. The following is a summation of the major account classifications and anticipated revenues for 2023-2024 as compared to the District's 2022-2023 Estimated Actuals:

### 1. Local Control Funding Formula (LCFF) Sources

LCFF Revenue Sources represent the main source of the General Fund by generating approximately 64% of General Fund revenues in 2023-2024. This source of revenue includes both unrestricted state aid and local property taxes.

It is currently anticipated that \$105,822,601 will be received from LCFF Sources in 2023-2024. This represents an increase of \$2,974,310 when compared to the 2022-2023 Estimated Actuals budget.

The LCFF provides up to three separate grants to a district. The Base Grant is allocated to districts for each average daily attendance (ADA) reported. The Supplemental Grant provides an additional 20% to districts based on the unduplicated pupil percentage (UPP). The UPP is the percentage of the District's target student population. The target students are eligible for free and reduced-price meals, English learners, foster youth, or homeless. If a district has a UPP greater than 55%, the LCFF provides an additional 50% of the Base Grant. These additional funds are referred to as the Concentration Grant. Additionally districts that receive concentration funds also receive an additional 15% of the base grant. These additional funds are referred to as the Concentration Add-On Grant. The District's three-year average UPP for 2022-2023 is projected to be 85.17%, therefore the District is eligible for the Concentration Grant.

The increase in LCFF revenues are primarily due to the planned COLA of 8.22%. The District projects no growth in ADA for 2023-2024.

## **2. Federal Revenue**

Federal Revenues, which represent approximately 18% of General Fund revenues in 2023-2024, are restricted (categorical) in nature, which means that they must be expended on special programs. Major sources include Title I, Title II, and Special Education.

It is currently projected that \$30,538,984 will be received from Federal Revenue sources in 2023-2024. This represents an increase of \$10,449,616 compared to the 2022-2023 Estimated Actuals budget.

Significant changes in Federal Revenue sources are noted on this page. The increase is primarily due to the accounting for the of additional Coronavirus Relief funds received, includes the Elementary and Secondary School Relief (ESSER II and ESSER III) funds. These funds were provided to the District during the 2021-2022 fiscal year but the accounting for the revenue is only realized when it is expensed. During the 2023-2024 fiscal year, if the expenditures are not materialized, the revenue will be deferred to the 2024-2025 fiscal year. Additionally there was an increase related to the adding of deferred revenue for Title I, Title II, and Title III funds recorded in the 2022-2023 fiscal year.

## **3. Other State Revenue**

Other State Revenues represent approximately 14% of the total General Fund revenue in 2022-2023.

It is currently anticipated that approximately \$20,114,815 will be realized from Other State Revenues in 2023-2024. This represents a decrease of \$11,067,189 when compared to the 2022-2023 Estimated Actuals budget.

The decrease in 2023-2024 is primarily due to projected 50% reduction to both Learning Recovery Block Grant (\$6M) and the Arts, Music, and Instructional Materials Discretionary Block Grant (\$2M). Additionally, during the 2022-2023 fiscal year we received \$3 million dollars for the Community Schools Grant, but disbursement schedule for the out years has not been published.

Special Education's AB602 increase is a result of a proposed 8.22% COLA. The adjustment was included in the Governor's May Revision for 2023-2024.

#### 4. Other Local Revenue

The Other Local Revenues section of the budget, which represents approximately 6% of total General Fund revenues in 2023-2024, is both unrestricted and restricted (categorical). Major sources of revenue in this category include interest on investments plus leases and rental of facilities.

It is currently anticipated that \$9,928,954 will be realized in 2023-2024 from Other Local Revenues. This represents a decrease of \$1,617,858 when compared to the 2022-2023 Estimated Actuals budget.

The decrease in Local Revenue is primarily due to conservative budgeting in the following areas: Interest Income, School-Based Medi-Cal Administrative Activities (SMAA), and Miscellaneous Revenues.

#### 5. Other Financing Sources

Other Financing Sources represent less than 1% of the total General Fund revenue and are related to transfers to the General Fund from other funds.

#### Summary of Revenues

The following is a summary of General Fund revenues for both 2022-2023 and 2023-2024:

## **Expenditure Classifications**

For reporting purposes, General Fund expenditures are divided into seven (7) major account classifications. The following is a summation of the major account classifications and anticipated expenditures for the 2023-2024 Adopted Budget as compared to the 2022-2023 Estimated Actuals expenditures.

### **Certificated Salaries**

Certificated salaries include teachers, administrators, counselors, psychologists, and other employees who maintain a credential with the State of California. This expenditure category represents approximately 31% of total expenditures in 2023-2024.

It is projected that \$51,360,030 will be expended on certificated salaries in 2023-2024. This represents an increase of \$43,771 from 2022-2023 Estimated Actuals budget.

Changes in certificated salaries are primarily related to changes in various grant for substitute and extra hour costs, offset by Step & Column, and budgeting for all vacant position in 2022-2023 that are planned to be filled during 2023-2024.

### **Classified Salaries**

Classified salaries are comprised of the District's support staff. This includes instructional aides, clerical, custodial, maintenance, grounds, transportation, non-credentialed administrative staff, and other personnel who are not required to maintain an educational credential with the State of California. These expenditures represent approximately 11% of total expenditures in 2023-2024.

It is projected that \$19,033,159 will be expended on classified salaries in 2023-2024. This represents an increase of \$674,895 from 2022-2023 Estimated Actuals budget.

Major changes in classified salaries are primarily related to changes in various grant for substitute and extra hour costs, offset by step & column, and budgeting for all vacant position in 2022-2023 that are planned to be filled during 2023-2024.

## **Employee Benefits**

Employee benefits include all employer contributions to State Teachers Retirement System (STRS), Public Employees Retirement System (PERS), Social Security, and Health & Welfare benefits provided to all eligible employees. These expenditures represent approximately 18% of the total expenditures in 2023-2024.

The unfunded liability of State retirement systems, CalPERS and CalSTRS, has become the responsibility of school districts in California. Employer contribution rates have been on the rise and will continue to increase annually. This is an unfunded mandate. The State does not provide any funds to assist districts with the increased expense.

The Governor's May Revise included an increase to the planned PERS employer contribution rates in 2022-2023 and 2023-2024. The STRS 2023-2024 employer rate remains the same, 19.10%; PERS employer rate increased from 25.37% to 27.00%.

Employee benefits not relating to health and welfare are based upon a percentage of the employee's salary.

Costs associated with the District's health and welfare benefits are budgeted on a self-funded basis. The District has contracted directly with a primary health care provider. Expenditures in this portion of the budget are based on actual utilization of the program. This can vary greatly from year to year.

## **Books and Supplies**

Books and Supplies include those items which are consumed and generally not capitalized, such as textbooks, library books, and supplies for the classroom, office, custodial, maintenance, and transportation areas. With the implementation of the State's Standardized Account Code Structure and Governmental Accounting Standards Board (GASB) Statement No. 34, all equipment under \$25,000 per item is now reflected in this category. Books and supplies expenditures represent approximately 18% of total expenditures in 2023-2024.

It is anticipated that approximately \$32,736,388 will be expended on books, supplies, and other materials during 2023-2024. This represents an increase of \$21,488,588 from the 2022-2023 Estimated Actuals budget.

The increase is primarily due to restricted expenditures being budgeted for the remainder of all COVID related funds, as well as expenditures for Textbook Adoptions from Restricted Lottery funds.

### **Contracted Services and Other Operating Expenditures**

Contracted Services and Other Operating Expenditures include items such as utilities, repairs, professional services, travel, leases, postage, legal fees, liability insurance, and other service contracts. These expenses represent approximately 18% of total expenditures in 2023-2024.

It is anticipated that \$30,001,799 will be expended in this classification in 2023-2024. This represents a decrease of \$2,301,264 from 2022-2023 Estimated Actuals budget.

The large increase is primarily related to projected spending of prior year COVID funds, Educator Effectiveness Grant, and an increase in 2023-2024 LCAP.

### **Capital Outlay**

Capital Outlay includes the cost of new and replacement equipment over \$25,000 per item as well as General Fund expenditures for sites and buildings.

It is anticipated that \$626,106 will be expended in this classification for the fiscal year 2023-2024. This represents a decrease of \$5,754,658 from the 2022-2023 Estimate Actuals budget. The decrease is primarily related to 2022-2023 technology and ESSER expenditures that are not budgeted in 2023-2024.

### **Other Outgo/Interfund Transfers Out**

Other Outgo expenditures relate to transfers to other funds, debt service payments, and indirect cost transfers. Interfund Transfers Out expenditures relate to monies being transferred to other District funds. The District continues to support the Deferred Maintenance programs with monies transferred from the General Fund.

These expenses represent approximately 3% of total expenditures in 2023-2024. It is projected that in 2023-2024 the District will expend \$4,419,134 in this classification. This represents an increase of \$480,649 compared to 2022-2023 Estimated Actuals budget.

The District’s General Fund balance, in accounting terms, is the difference between assets and liabilities. In general terms it is the amount of funds the District has as a safety net. The General Fund balance is comprised of many items: revolving cash, state mandated reserves, funds “assigned” for specific expenditures, and finally the unallocated reserve. For the 2022-2023 fiscal year, the estimated ending fund balance is \$45,334,231 with a general reserve of \$4,476,254 which is 3% of projected expenditures.

The projected ending fund balance for 2023-2024 is \$43,412,302 with a general reserve of \$5,049,822 which is 3% of projected expenditures. For the 2023-2024 school year, the State reserve minimum requirement of 3% is based on the District’s projected 2023-2024 ADA of 5,860.80.

The following reports provide the reader with a more detailed and comparative view of revenues and expenditures. The first report following this narrative is a one-page summary of revenues and expenditures by major object classification reflecting 2021-2022 actual activity, 2022-2023 Estimated Actuals Budget and the 2023-2024 Adopted Budget. The second report shows the same information, but in more detail.

This gives the reader an alternate view of the same data. The function classifications are:

- Instructional (classroom costs)
- Instructional Related (staff development, library, school administration)
- Pupil Services (guidance/counseling, health, speech, testing, transportation, psychological services)
- Ancillary Services (school sponsored co-curricular and athletic events)
- Community Services (community recreation fee-based programs)
- General Administration (board, district administration, financial, human resources, warehouse, data processing)
- Plant Services (maintenance, custodial, grounds, security)
- Other Outgo (debt service, transfers between funds and agencies)

**Adult Education Fund 11:** In addition to the General Fund, the District operates several other funds. Those programs operating State Mandated or independent funds include the Adult Education Fund, Child Development Fund, Cafeteria Fund, Deferred Maintenance Fund, and various Capital Projects Funds. Each of these programs are accounted for independently and separate from other funds. The following is a brief description and summation of 2022-2023 activities and 2023-2024 goals within each of these funds:

The Azusa Adult Education Center (AAEC) has served the AUSD community since 1938. With a proud 77-year heritage of service, the school offers 21st-Century-focused classes that are designed to meet the varied academic preparation, language development, and career training needs of our community.

Classes are held at the Azusa Adult Education Center (AAEC) and are offered in day and evening formats in order to offer maximum flexibility for our students' busy lives. Adult School programs include English as a Second Language (ELS), Adult Basic Education, High School Diploma and HiSET (GED), and a variety of Career Technical Education classes in the medical and business sectors.

**Mission Statement:** We are committed, as a professional learning community, to continuous improvement in providing a diverse and high-quality educational program where all students are provided the opportunity to develop and deepen their knowledge and skills required to:

- Actively participate in further educational pursuits
- Obtain or advance in a career
- Ethically participate in a multi-cultural civic society

**Accreditation:** The Azusa Adult Education Center is accredited by the Western Association of Schools and Colleges.

Accreditation is an assurance of quality and a guarantee that classes taken for credit will be accepted for credit by other educational institutions. All teachers are certified in their respective teaching areas by the State Commission for Teacher Preparation and Credentialing.

## Other Funds

### Adult Education Fund

The District's Child Development Fund is authorized by the State Department of Education to account for the operation of the various Child Development programs, Dual Immersion (DI) Preschool, California State Preschool Programs (CSPP), and Special Education Preschool. The programs are accounted for in Fund 12 to comply with state-wide accounting procedures.

The Child Development program operates on the Longfellow campus as well as on elementary campuses, with the exception of Ellington and Hodge. Each site operates at least one preschool class. No new facilities are currently expected for the 2023-2024 school year unless the District receives authorization for the applications that have been submitted for Hodge.

The preschool programs are a part-day—part-year programs and its 49 employees provide school readiness to approximately 289 (3 to 5-year-old) District students. The program operates at 8 elementary sites having expanded at most sites to offer both afternoon and morning programs. The 2022-2023 programs are once again being budgeted as contract revenues, to allow these programs to operate on a self-sufficient basis from the District's General Fund. The DI programs is funded through the LCAP and the Special Education program is funded through Special Education funds and General Fund.

**Mission:**

The mission of the Azusa Unified School District - Early Childhood Education program is to provide quality and appropriate educational and developmental experiences for preschool, transitional kinder, and kindergarten children and their families within a safe and nurturing environment, which results in productive students, strong families, and effective community partners.

**Child Development Fund**

To comply with the accounting procedures established by the California Department of Education, all revenues and expenditures related to the operation of the District's comprehensive Food Service Program are accounted for in the District's Cafeteria Fund 13.

The District continues to participate in the National School Lunch and Breakfast Programs which assist in funding for meals served. Previously, students qualify for participation in these programs either through an application process or through direct certification. Based on the data related to the student's application or direct certification, a student may qualify for free or reduced-price school meals. Currently under new legislation, all students eat for free, but Azusa Unified (like other districts), still have to collect meal applications in order to receive the higher reimbursable meal rates.

To receive Federal and State funding, the National School Lunch and Breakfast Programs are required to follow the USDA food-based meal pattern. Daily and weekly specified quantities of each of the following five food groups must be met: fruits, vegetables, grains/whole grains, meat/meat alternates, and milk. Meals offered as part of the National School Lunch and Breakfast Programs are provided in age appropriate portions and meet USDA regulations aligning with the Dietary Guidelines for Americans. The USDA guidelines specify minimums and maximums for calories, limit sodium, and restrict saturated fat to no more than 10% of total calories. In addition, products must indicate zero grams trans-fat per serving. Internal and external audits are conducted to ensure adherence to National School Lunch and Breakfast Program regulations.

The State of California passed Senate bill 138 into law which requires school districts with sites whose student populations contain students that are designated by the State or County as receiving benefits from the Supplemental Nutrition Assistance Program (SNAP), Temporary Assistance to Needy Families (TANF) or Medicaid-Free exceeding 62.5 % of the overall student population shall apply for one of the programs from the Federal government's National School Lunch Program that is at no cost for all students at those sites. Azusa Unified has identified four such sites and has applied for additional sites under the Community Eligibility Provision Program outlined in the provisions of the National School Lunch Program. If approved, the District's Nutrition Services staff would not need to continue to collect meal application forms.

### Cafeteria Fund

Listening to our students is a vital part of the Nutrition Services Department. Taste testing of new products with student focus groups is also conducted throughout the school year at all grade levels. As part of Coordinated School Wellness, Nutrition Services provides nutrition education and promotes physical activity for students, parents, and staff.

To support our local economy, the District work with companies whenever possible. Nutrition Services strives to provide all Azusa Unified School District students, staff, and parents with nutritious choices, professional service, a safe and sanitary environment, and an enjoyable dining experience.

The California State Legislature established the Deferred Maintenance Fund (DMF) in 1980 to assist districts in maintaining facilities and sites. The District has participated in the Deferred Maintenance Program since its inception. The program required both the local district and the State of California to share equally in the cost of major deferred maintenance projects, with the maximum contribution from the State limited to approximately one-half of one percent of the District's General Fund and Adult Education Fund operating budgets. Due to the implementation of LCFF in 2013-2014, the State eliminated the Deferred Maintenance Program. However, the District is committed to maintaining its facilities, and will continue to contribute to the Deferred Maintenance Program yearly. An in-depth review of the Deferred Maintenance Fund can be found in the Capital Projects section of the budget.

The Capital Facilities Developer Fees Fund accounts for the revenue and expenditures commercial and residential redevelopment. Since January 1987, school districts have had the authority to levy developer fees for all new construction within the school district, including residential, commercial, and industrial development. With the adoption of Senate Bill 50 (SB 50) and the passage of Proposition 1A by the California electorate on November 3, 1998, school districts are authorized to charge developer fees based on prescribed state guidelines.

These guidelines require the District to annually adopt a School Facilities Needs Analysis to determine eligibility for Level II Developer's Fees. If eligible, this Analysis will set the new rate per square foot. Also incorporated in the guidelines is the requirement to take into consideration local funds (e.g. General Obligation Bonds) available for new school facilities. Level I Developer Fees for 2023-2024 will be as follows:

- \$3.36 per square foot for single family detached residential
- \$2.98 per square foot for multi family attached residential
- \$0.47 per square foot for exclusive senior residential
- \$0.486 per square foot for a commercial office
- \$0.421 per square foot for retail development
- \$0.382 per square foot for hospitals
- \$0.373 per square foot for industrial warehouse
- \$0.308 per square foot for retail and service
- \$0.156 per square foot for hotel or motel

The 2014 Measure K proposition, which authorized \$92 million in General Obligation Bonds, was passed on November 4, 2014, by Azusa City voters, and will be fully exhausted as of June 30, 2022, as the final issuance sold on June 6, 2022. The 2022 Bond Fund is used to account for proceeds from the bond measure. The bond revenue will be used to address the District facilities needs that were outlined and approved at the May 10, 2022, Board of Education meeting.

An in-depth review of the Building Fund can be found in the Capital Projects section of the budget book.

### **County School Facilities Fund 35**

With the passage of SB50, the County School Facilities Fund was established pursuant to Education Code Section 17070.43 to receive apportionments from the State School Facilities Program, which was authorized by the State Allocation Board for new school facility construction, modernization projects, and facility hardship grants. The Board authorized establishment of this fund at its December 9, 1998 meeting. An in-depth review of the County School Facilities Fund can be found in the Capital Projects section of the budget book.

### **Bond Interest and Redemption Fund 51**

This fund is used solely for the purpose of making annual or semi-annual principal and interest payments on the District's General Obligation Bonds, which are detailed in the Capital Projects Funds section. The District currently is making payments on the 2014 General Obligation Bonds.

### **Self-Insurance Fund 67**

Expenditures related to the District's self-insurance program, both actual claims and administrative costs, are reflected in this fund. Estimated costs for incurred-but-not-reported claims are accounted for in this fund.

Often, looking at one or two years of financial data will not provide the reader with the ability to observe financial trends. Accordingly, in this section, the District provides three years of prior data, the estimated actuals for the current year, proposed budget and three years of projected data for each District fund. The projections take into consideration economic forecasts for the State of California, local growth trends as determined by fiscal consultants, and a variety of other factors.

The Multi-Year Projections on the next following pages show some significant changes in the ending fund balance of the General Fund. Please see the following explanations regarding each fund with significant changes to the ending fund balances.

The Combined General Fund ending fund balance for 2023-2024 is projected to decrease by \$1,921,940 comprised of a \$6,799,279 increase in Unrestricted and a \$7,721,216 decrease in Restricted. The reduction in Restricted is attributed to the expenditure of one-time funds, including the Expanded Learning Opportunities Program, Expanded Learning Opportunities Grant, and Educator Effectiveness, all of which were received in 2021-2022. The increase to Unrestricted is attributable to increases in LCFF Revenues from the COLA and Transitional Kindergarten allocation.

Per the Governor's May Revision, a COLA of 8.22% was applied to the LCFF in the Adopted Budget projection. This is excellent news, as the COLA will help the District cover the costs associated with increased health benefit contributions, step and column increases, and employer contributions to STRS and PERS. As the District moves forward with the School Reorganization process, reductions for both Certificated, Classified, and Management personnel has been included in the multi-year projections. In addition to cuts in staffing, savings for utilities are incorporated.

## Multi-Year Projections

The District's multi-year projection is conservative and does not include any projected salary schedule increases. The current cost of a 1% salary increase is approximately \$856,777.

School site budgets are calculated based on projected student enrollment for each site. Sites receive 100% of this allocation in the Adopted Budget, budgets are adjusted in January based on the site's actual California Basic Education Data System (CBEDS) student enrollment reported each October and certified each December. Each site administrator and principal allocates total dollar allowance to meet the specific needs of their site and students. When a site's CBEDS enrollment increases compared to projections, they receive additional discretionary dollars in January of that fiscal year. When enrollment decreases compared to projections, the site allocation are adjusted to account for the change in enrollment. School sites are not authorized to carry forward unspent allocations.

According to the Elementary and Secondary Education Act, as reauthorized by the Every Student Succeeds Act (ESSA), Section 1118[c][1], LEAs may receive Title I, Part A funds only if State and local funds will be used in schools served to provide services that, taken as a whole, are at least comparable or substantially comparable to services in schools that are not receiving Title I, Part A funds (ESSA sections 1118[c][1][A-B] and 34 Code of Federal Regulations [CFR] 200.29[b][2][vii]).

Demonstrating comparability of services is a prerequisite for receiving Title I, Part A funds. Title I, Part A allocations are made annually; therefore, comparability is an annual requirement. AUSD annually completes calculations that demonstrate that all schools in the District are providing comparable services using State and local funds. The District may not discriminate (either intentionally or unintentionally) against any schools funded with Title I, Part A simply because these schools receive Federal funds. School sites receive equitable personnel and resources from the various divisions of Educational Services through the District offices. Those resources are not reflected in the site discretionary tables.

## Glossary of Terms

The purpose of this glossary is to provide definitions of terms that are currently used in school business discussions. The definitions used herein are written for the layperson. The definitions are appropriate for this intended purpose. However, in their simplification, they lose some of their accuracy. This glossary should not be used as a technical guide for professionals with responsibility for implementing the many regulations associated with management of school district finances.

### **AB 1200**

Reference to Assembly Bill 1200 (Chapter 1213, Statutes of 1991) that imposed major fiscal accountability controls on school districts and county offices of education by establishing significant administrative hurdles and obligations for agency budgets and fiscal practices. See Education Code Section 1240 et sec. and 42131 et sec. Effective 2013-14, this program was subsumed into the Local Control Funding Formula (LCFF).

### **AB 727**

Reference to Assembly Bill 727, passed in 1998, which changed the definition of ADA from including excused student absences to excluding excused absences. The change in law was to have no effect on the District's total revenue. However, if the District has a higher than normal absence rate, it can result in a significant loss in revenue due to AB 727.

### **Account**

A method of categorizing financial transactions by type.

### **Accountability**

The notion that people (e.g., students or teachers) or an organization (e.g., a school, school district, or State Department of Education) should be held responsible for improving student achievement and should be rewarded or sanctioned for their success or lack of success in doing so.

### **Account Code**

A number assigned to sources of revenue, purpose of expenditures, assets, liabilities, and fund balances.

## School Finance Glossary of Terms

**Accounting Period**

The period of time represented by published financial statements. California school districts prepare financial statements for a fiscal year beginning July 1st and ending June 30th.

**Accounts Payable**

An account that reflects amounts owed by the District for goods and services received but not paid for at the date of the financial report. Accounts payable may include amounts owed to vendors, employees, financial institutions, etc. Amounts reported here are payable within a short period of time, usually less than one year.

**Accounts Receivable**

An account that reflects amounts owed to the District for goods and services. These amounts should be paid to the District within a short period of time, typically within one year.

**Accrual Basis Accounting**

Transactions are recorded when they have been reduced to a legal or contractual right or obligation to receive or pay out cash or other resources.

**Achievement Gap**

Student achievement tests consistently show that certain groups of children score far below children in other groups. The data documents a strong association between poverty and students' academic success or lack of it. While poverty is not unique to any ethnicity, it does exist in disproportionate rates among African Americans, Hispanics, and other minorities. The reasons behind the achievement gap are multifaceted. They do, to some degree, stem from factors that children bring with them to school. However, other factors that contribute to the gap may stem from students' school experiences.

**Achievement Test**

A test to measure a student's knowledge and skills.

**Adult Education**

Classes for students, usually adults, offered by local school districts.

**School Finance  
Glossary of Terms**

### **Ad Valorem Taxes**

Taxes based on the value of property, such as the standard property tax, are called ad valorem taxes. The only new taxes based on the value of property that are allowed today are those imposed with voter approval for capital facilities bonded indebtedness. Since Proposition 13, properties in California are adjusted to the true market value primarily at the time of property transfer.

### **Affordable Care Act (ACA)**

A Federal law enacted to ensure that all Americans have access to affordable health insurance. The ACA mandates that employers offer health coverage for employees that work on average more than 30 hours per week or 130 hours per month.

### **Allocated Personnel Unit (APU)**

A simplified staffing formula, which equitably distributes available staffing dollars. Each school site receives a total site allocation covering all personnel for the campus except for Plant Operations, Food Services, Special Education and other categorically funded personnel. The Allocated Personnel Unit (APU) formula is based on the equivalency of one full-time teaching position and varies by position based upon the salary and length of work year as compared to that of a teacher.

### **Alternative Retirement System (APPLE)**

Retirement plan for part-time and limited-service employees not covered under PERS, STRS or collective bargaining.

### **American Rescue Plan Act (ARP Act)**

This federal stimulus funding is the third act of federal relief in response to COVID-19. The U.S. Congress passed the ARP Act and it was signed into law on March 11, 2021. The main funding source in the ARP Act is the Elementary and Secondary School Emergency Relief (ESSER III) Fund.

## **School Finance Glossary of Terms**

## **Apportionments**

State aid given to a school district or county office of education. Apportionments are calculated three times for each school year. The First Principal Apportionment (P-1) is calculated in February of the school year corresponding to the P-1 ADA (See Attendance Reports); the Second Principal Apportionment (P-2) is calculated in June corresponding to the P-2 ADA; and the annual recalculation of the apportionment is made in February following the school year and is based on P-2 ADA, except for programs where the annual count of ADA is used.

## **Appropriations**

Funds set aside or budgeted by the state or local school districts for a specific time period and a specific purpose.

## **Assembly Bill 86 (AB 86)**

COVID-19 relief and school reopening, reporting, and public health requirements. Signed by the Governor on March 5, 2021, the California Legislature provided \$6.6 billion in the Assembly Bill 86 COVID-19 relief package for In-Person Instruction (IPI) Grants and Expanded Learning Opportunities (ELO) Grants.

## **Assessed Valuation (AV)**

The total value of property within a school district as determined by state and county assessors. The AV of a school district will influence the total property tax income of a school district. The percentage growth in statewide AV from one year to the next is an important ingredient in determining appropriation levels required from the state for fully funding district and county revenue limits, as well as for Proposition 98 calculations.

## **Associated Student Body (ASB)**

An organization of students with the purpose to raise and spend money on behalf of the students approved by the governing body of the organization and by the school authorities, and not in conflict with the authority and responsibility of the public-school officials.

## **School Finance Glossary of Terms**

## Attendance Reports

Each school district reports its attendance three times during a school year. The First Principal Apportionment Average Daily Attendance (ADA), called the P-1 ADA or the P-1 count, is counted from July 1 through the last school month ending on or before December 31 of a school year. The Second Principal Apportionment ADA, called the P-2 ADA, is counted from July 1 through the last full school month ending on or before April 15. Fiscal or annual ADA is based on the count from July 1 through June 30. Historically, the final recalculation of the apportionment is based on the P-2 ADA except for adult education programs, regional occupational centers and programs and nonpublic school funding, all of which use the annual count of ADA. In addition, under certain circumstance when a district has a very large influx of migrant students in the spring, a district may request the use of annual ADA in lieu of P-2 ADA.

## Audit

A formal examination of records and documents, and the securing of other evidence, for the purpose of determining whether transactions are complete and accurately recorded in the accounts; and that the statements fairly represent the financial transactions and condition of the District. An independent audit of a school district's financial reports is required annually.

## Average Daily Attendance (ADA)

The total number of days of student attendance divided by the total number of days in the regular school year. A student attending every day would equal one ADA. ADA is not the same as enrollment, which is the number of students enrolled in each school and district. (This number is determined by counting students on a given day in October.) ADA is lower than enrollment due to factors such as students moving, dropping out, or staying home due to illness. The state uses a school district's ADA to determine its general purpose (revenues) and other funding. For regular attendance, ADA is equal to the average number of pupils actually attending classes who are enrolled for at least the minimum school day. Attendance is counted every day of the school year and is reported to the California Department of Education three times a year (See Attendance Reports).

## School Finance Glossary of Terms

## **Balance Sheet**

A formal financial statement that reports the value of assets, liabilities, and fund balance as of a specific date.

## **Benefit Assessment Districts**

See Maintenance Assessment Districts.

## **Bilingual Education**

Programs for students with limited proficiency in English. Some federal and state categorical funds are targeted for bilingual education.

## **Bond**

A written obligation to pay a specified sum of money, (face value), at a fixed time in the future, (date of maturity). Bonds generally carry interest at a fixed rate but may carry variable rates as well.

## **Bonded Debt Limit**

The maximum amount of bonded debt for which a school district may legally obligate itself. The total amount of bonds issued cannot exceed a stipulated percent of the assessed valuation of the District.

## **Bonded Indebtedness**

An obligation incurred by the sale of bonds for acquisition of school facilities or other capital expenditures. Since 1986, districts have been able to levy a local property tax to amortize bonded indebtedness provided the electorate approves the taxes.

## **Bond Measure**

Bonds allow school districts to borrow funds to pay for a large capital investment-much as a person borrows to purchase a home. Districts can choose to seek bond passage with either a two-thirds vote or a 55% vote, which requires greater accountability measures. Local property owners, through an increase in property taxes, repay the principal and interest. A simple majority of state voters must approve a state general obligation bond, which is repaid by state taxes and has no impact on property tax rates.

## **School Finance Glossary of Terms**

## **Budget**

A plan of financial operation embodying an estimate of adopted expenditures for a given period or purpose and the adopted means of funding them.

## **Budgeting**

The process of allocating the available resources of an organization among potential activities to achieve the objectives of the organization; planning for the use of resources.

## **California Assessment of Student Performance and Progress (CAASPP)**

The CAASPP System replaced the Standardized Testing and Reporting (STAR) Program, which became inoperative on July 1, 2013 and encompasses the following assessments and student participation requirements:

- Smarter Balanced Summative Assessments for English language arts/literacy (ELA) and mathematics in grades three through eight and eleven.
- Alternate assessments for English language arts/literacy and mathematics in grades three through eight and eleven.
- Science assessments in grades five, eight, and ten (i.e., California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA).
- Standards-based tests in Spanish (STS) for reading/language arts in grades two through eleven (optional).

## **California Basic Education Data System (CBEDS)**

The statewide system of collecting enrollment, staffing, and salary data from all school districts on a specific day each October.

## **California Basic Education Skills Test (CBEST)**

Required for anyone seeking certification as a teacher, the test measures proficiency in reading, writing and mathematics.

## **School Finance Glossary of Terms**

### **California English Language Development Test (CELDT)**

A test used to assess student's language proficiency in English, specifically listening, speaking, reading, and writing.

### **California High School Exit Exam (CAHSEE)**

The exam that students must pass to graduate from a California high school. The exam assesses skills on California content standards for both English, Language Arts and Mathematics.

### **Capital Outlay**

Expenditures for the replacement of equipment, major renovation, or new schools.

### **Career Technical Education (CTE)**

A program of study that involves a multiyear sequence of courses that integrates core academic knowledge with technical and occupational knowledge to provide students with a pathway to postsecondary education and careers.

### **Categorical Aid**

Funds from the state or federal government granted to qualifying school districts for specialized programs regulated and controlled by federal or state law, or by regulation. An example of a specialized program would be Special Education. Expenditure of most categorical aid is restricted to its particular purpose. The funds are granted to districts in addition to their LCFF revenues.

## **School Finance Glossary of Terms**

### **Certificated/Credentialed Employees**

Teachers and most administrators must meet California's requirements for a teaching credential. These requirements include having a bachelor's degree, completing additional required coursework, and passing the California Basic Educational Skills Test (CBEST). However, teachers who have not yet acquired a credential but have an emergency permit can teach in the classroom and are counted in this category.

### **Certificates of Participation (COP)**

A financing technique, which provides long-term financing through a lease (with an option to purchase or a conditional sale agreement). The primary difference between a COP and a General Obligation Bond is that a General Obligation Bond is voter approved debt as opposed to a COP which is not voter approved.

### **Classified Personnel**

Employees who hold positions that do not require credentials including aides, custodians, clerical personnel, transportation, food services, and other non-teaching personnel.

### **Class Size Reduction (CSR)**

Initiated in the 1996–97 school year for kindergarten through third grade, the state has two programs that provide incentive funding for schools to reduce or maintain class sizes of no more than 20 students per teacher. One program covers kindergarten through third grade classes. A separate program supports smaller classes for core academic subjects in 9th grade. The existing CSR program was replaced in the 2013-14 fiscal year with the passage of the LCFF, which has mandates as to the allowable sizes of classes in grades K-3. The funding is now a grade span adjustment to the LCFF in grades K-3.

### **Comparative Analysis**

Comparative Analysis of a District's Income and Expenditures as compared to other agencies.

## **School Finance Glossary of Terms**

### **Concurrently Enrolled**

Pupils who are enrolled both in a regular program for at least the minimum school day and in a class for adults. Such a student will generate both regular average daily attendance (ADA) for the time in the regular program and concurrently enrolled ADA for the time in Adult classes. By qualifying for both regular ADA and concurrently enrolled ADA, a student can generate more than one unit of ADA.

### **Consumer Price Index (CPI)**

A measure of the cost of living compiled by the United States Bureau of Labor Statistics. The Consumer Price Index is one of several measures of economic change. Salary adjustments and other costs can be linked to the Consumer Price Index, which is sometimes used as a factor to measure inflation.

### **Content Standards Test (CST)**

A test specifically for California schools aligned with State standards that describe what students should know and be able to do in each grade level. The test is given to students in grades 2 through 11 as part of the State's STAR Program.

### **Contribution**

A term used in school finance to describe the situation in which a program's costs surpass its funding, thus forcing school officials to use funds meant for other purposes to pay for these additional costs. Contributions occur in most districts, which provide services for children with disabilities. Other contributions are caused by deficit factors or local decisions to allocate general-purpose funds to special purpose programs.

### **Coronavirus Aid, Relief, and Economic Security Act (CARES Act)**

Federal relief package signed into law on March 27, 2020 by the U.S. Congress in response to the 2019 Novel Coronavirus (COVID-19). Provides states with both funding and streamlined waivers to give State educational agencies (SEAs) necessary flexibilities to respond to the COVID-19 pandemic. The two main funding sources are the Elementary and Secondary School Emergency Relief Fund (ESSER I Fund) and the Governor's Emergency Education Relief Fund (GEER I Fund). This funding will provide local educational agencies (LEAs) with emergency relief funds to address the impact COVID-19 has had, and continues to have, on elementary and secondary schools across the nation.

## **School Finance Glossary of Terms**

### **Coronavirus disease 2019 (COVID-19)**

An infectious disease caused by severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2). The quick transmission of COVID-19 from person to person caused the World Health Organization (WHO) to declare the COVID-19 outbreak a pandemic in March 2020.

### **Coronavirus Relief Funds (CRF)**

Federal funds provided to the state from the Coronavirus Aid, Relief, and Economic Security (CARES) Act. One of three funding sources available for Learning Loss Mitigation Funding (LLMF). Expenditures under the CRF must be incurred “due to” the public health emergency and must be used for actions taken to respond to the COVID-19 emergency.

### **Coronavirus Response and Relief Supplemental Appropriations Act (CRRSA Act)**

This federal stimulus funding enacted on December 27, 2020 by the U.S. Congress is the second act of federal relief in response to the 2019 Novel Coronavirus (COVID-19), following the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The two main funding sources are the Elementary and Secondary School Emergency Relief Fund (ESSER II Fund) and the Governor’s Emergency Education Relief Fund (GEER II Fund). This funding will provide local educational agencies (LEAs) with emergency relief funds to address the impact COVID-19 has had, and continues to have, on elementary and secondary schools across the nation.

### **Cost of Living Adjustment (COLA)**

An increase in funding for schools from the state or federal government due to inflation. In California, the law states that schools should receive a certain Cost of Living Adjustment based on the Implicit Price Deflator for State and Local Government Purchases of Goods and Services. (See Education Code Section 42238.1.)

### **Credit Rating**

A rating that establishes the school district’s relative risk to a purchaser of debt in comparison with other debt issued by other entities. Debt of public entities is rated by one or more of three rating agencies – Moody’s Investors Services, Standard and Poor’s, and Fitch Investment Services.

## **School Finance Glossary of Terms**

## **Criteria and Standards**

Local district budgets must meet state-adopted provisions of criteria and standards. These provisions establish minimum fiscal standards that school districts, county offices of education and the State use to monitor district fiscal solvency and accountability. (See Education Code Sections 33127 et sec.)

## **Current Operating Expenditures**

Education expenditures for the daily operation of the school programs such as expenditures for administration, instruction, health services, transportation, and operation and maintenance of plant.

## **Debt Service**

Expenditures for the payment of principal and interest on long-term obligations.

## **Deferred Maintenance**

Major repairs of buildings and equipment by school districts. The District allocates a portion of its funds to deferred maintenance projects.

## **Deficit Factor**

When an appropriation to the State School Fund for revenue limits or for any specific categorical program is insufficient to pay all claims for state aid, a deficit factor is applied to reduce the allocation of state aid to the amount appropriated.

## **Deficit Spending**

The amount by which total expenditures exceed total revenues for the fiscal year. Deficit spending results in a reduction of fund balance.

## **Deficits**

Funding shortfalls occur when the State appropriations are insufficient to fund local district and county entitlements.

## **School Finance Glossary of Terms**

### **Developer Fees**

A charge per square foot on residential and commercial construction within a school district. These fees are charged both to developers of new properties and to property owners who remodel and is based on the premise that new construction will lead to additional students. Individual school districts decide whether to levy the fees and at what rate up to the maximum allowed by law. The maximum, adjusted for inflation every two years, is higher for residential than for commercial construction. Districts are required to substantiate the financial impact of new development and show that they have used the revenues to address that impact. Proceeds may be used for building or reconstructing schools and for portable classrooms.

### **Direct Certification**

A process where information is received directly from the state and county to obtain information on students who are receiving benefits for SNAP, TANF or Medi-CAL (free or reduced). Based on information received, if a student appears on the list from the state or county they will be qualified for free or reduced cost meals for the rest of the year with no application required.

### **Due To/From Other Funds**

Amounts owed by one fund to another. The recognition of interfund payables in one fund requires the recognition of an interfund receivable in another fund. Because of this relationship, the aggregate amount of interfund payables must always equal the aggregate amount of interfund receivables.

### **Economic Impact Aid (EIA)**

State categorical aid for districts with concentrations of children who are transient, from low-income families, or English learners. Due to the implementation of the Local Control Funding Formula (LCFF), this grant has been rolled into LCFF supplemental funding.

### **Education Code**

Laws from the State that govern school districts, county offices of education, etc. These can be found at <http://www.cde.ca.gov/re/lr/cl>.

## **School Finance Glossary of Terms**

### **Education Revenue Augmentation Fund (ERAF)**

The fund used to collect the property taxes shifted from cities, the county, and special districts within each county prior to their distribution to K-14 school agencies.

### **Elementary and Secondary School Emergency Relief (ESSER I)**

One of two main funding sources passed in the Coronavirus Aid, Relief, and Economic Security (CARES) Act. A local educational agency (LEA) may use ESSER I funds for any allowable expenditure incurred on or after March 13, 2020, the date the President declared the national emergency due to COVID-19. ESSER I funds can be used for any activities authorized by the Elementary and Secondary Education Act of 1965 (ESEA) as amended by the Every Student Succeeds Act of 2000 (ESSA), Individuals with Disabilities Education Act (IDEA), the Adult Education and Family Literacy Act, the Perkins Career and Technical Education (CTE) Act, or the McKinney-Vento Homeless Assistance Act.

### **Elementary and Secondary School Emergency Relief (ESSER II)**

One of two main funding sources passed in the Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act. A local educational agency (LEA) may use ESSER II funds for any allowable expenditure incurred on or after March 13, 2020, the date the President declared the national emergency due to COVID-19. ESSER II funds can be used for any activities authorized by the Elementary and Secondary Education Act of 1965 (ESEA) as amended by the Every Student Succeeds Act of 2000 (ESSA), Individuals with Disabilities Education Act (IDEA), the Adult Education and Family Literacy Act, the Perkins Career and Technical Education (CTE) Act, or the McKinney- Vento Homeless Assistance Act.

### **Elementary and Secondary School Emergency Relief (ESSER III)**

The main funding source passed in the American Rescue Plan (ARP) Act. A local educational agency (LEA) may use ESSER III funds for any allowable expenditure incurred on or after March 13, 2020, the date the President declared the national emergency due to COVID-19. ESSER III funds can be used for any activities authorized by the Elementary and Secondary Education Act of 1965 (ESEA) as amended by the Every Student Succeeds Act of 2000 (ESSA), Individuals with Disabilities Education Act (IDEA), the Adult Education and Family Literacy Act, the Perkins Career and Technical Education (CTE) Act, or the McKinney-Vento Homeless Assistance Act.

## **School Finance Glossary of Terms**

## **Employee Benefits**

Amounts paid by the school system on behalf of employees. These amounts are not included in the gross salary but are over and above. They are fringe benefit payments, and while not paid directly to employees, they are nevertheless a part of the employee cost. Examples are (1) group health and life insurance payments; (2) contributions to employee retirement (STRS – State Teachers’ Retirement System); (3) O.A.S.D.I. (Social Security) Taxes; (4) workers’ compensation payments; and (5) payments made to personnel on sabbatical leave.

## **Encumbrances**

Purchase orders, contracts for salary, or other commitments which are chargeable to an appropriation and for which a part of the appropriation is reserved. They cease to be encumbrances when paid or when the actual goods or services are delivered to the school district.

## **Ending Balance**

Generally, a reference to a school district’s net ending balance of their General Fund. The ending balance is divided into restricted and unrestricted funds that a school district has remaining at the end of a fiscal year. A school district must have a Reserve for Economic Uncertainties within their ending balance, which meets the criteria and standards minimums as established by the State Board of Education.

## **English Learner (EL)**

Student who has not yet mastered the English language.

## **English Language Arts (ELA)**

All academic disciplines related to reading and the use of the English language in communication.

## **Enrollment**

The total number of pupils enrolled, whether part-time, full-time, resident, or non-resident. For state reporting purposes, students must be enrolled in a qualifying program. A pupil is considered enrolled whether in attendance on a specific count date or not, participating in homebound instruction or a non-graduate enrolled in qualifying alternative programs.

## **School Finance Glossary of Terms**

## **Entitlement**

An apportionment, typically from the federal or state government, that is received based on specific qualifications rather than through a competitive process.

## **Equalization Aid**

The extra state aid provided in some years (such as 1995-96) to a low revenue district to increase its base revenue limit toward the statewide average.

## **Every Student Succeeds Act (ESSA)**

Much of the Federal funding for K-12 schools comes from programs created by the Elementary and Secondary Education Act (ESEA) of 1965. In 2002, the No Child Left Behind (NCLB) Act was enacted, the reauthorization of ESEA. This represented a significant step forward for education improvement. On December 10, 2015, President Obama signed the Every Student Succeeds Act (ESSA), reauthorizing the federal Elementary and Secondary Education Act (ESEA) and replacing the No Child Left Behind Act (NCLB). The Every Student Succeeds Act (ESSA) is the nation's main education law for all public schools. The law holds schools accountable for how students learn and achieve. ESSA aims to provide an equal opportunity for students including the achievement of disadvantaged students and those who get special education services.

## **Expanded Learning Opportunities Grant (ELO)**

\$4.6 billion state funds included in Assembly Bill 86 (AB 86). As part of a learning recovery program, funds are to be used to provide supplemental instruction, and support for social and emotional well-being.

## **School Finance Glossary of Terms**

## Expenditures

Charges incurred, whether paid or unpaid, which are presumed to benefit the school district's current fiscal year.

- **Construction Expenditures**  
Include expenditures for new school construction, including renovation and expansion. They include expenditures on land, buildings, and equipment for new and remodeled facilities.
- **Expenditure Per Pupil**  
The amount of money spent on education by a school district or the state, divided by the number of students educated. For most official purposes, the number of students is determined by average daily attendance (ADA). (See Revenues Per Pupil)
- **Instructional Expenditures**  
Current expenditures for activities directly associated with the interaction between teachers and students. These include teacher salaries and benefits, supplies (i.e. textbooks), and purchased instructional services.
- **Interest On Debt Expenditures**  
Expenditures for interest on long-term debt (i.e. obligations of more than 1 year).
- **Replacement Equipment Expenditures**  
Include expenditures for equipment for schools that are not new or recently renovated. Equipment is generally defined as items that last more than 1 year, are repaired rather than replaced, and have a cost over \$25,000.
- **Support Services Expenditures**  
Current expenditures for activities that support instruction. These services include operation and maintenance of buildings, school administration, student support services (i.e. nurses, therapists, and guidance counselors), student transportation, instructional staff support (i.e. librarians, Instructional specialists), school district administration, business services, research, and data processing.

## School Finance Glossary of Terms

**Fact Finding**

The culmination of the Impasse Procedures, Article 9, of the State's collective bargaining law. A tripartite panel, with the chairperson appointed and paid for by the Public Employment Relations Board, considers several specifically enumerated facts and makes findings of fact and recommendations in terms of settlement to a negotiating agreement. Such recommendations are advisory only and may be adopted or rejected in whole or in part by the parties (See Government Code Section 3540 et. al.).

**Financial Statements**

The document published at periodic intervals, such as monthly, that provides a summary of the financial transactions of the school district for the specified reporting period or as of the date of the financial report.

**First Principal Apportionment**

The statutory date (February 20) by which the State Department of Education must first calculate district and county funding entitlements.

**Fiscal Crisis and Management Assistance Team (FCMAT)**

The state agency formed to help ensure the fiscal solvency of school districts and county offices of education.

**Fiscal Year**

In California, the twelve calendar months beginning July 1 and ending June 30. Some special projects use a fiscal year beginning October 1 and ending September 30.

**Fixed Assets**

Property of a permanent nature having continuing value; e.g., land, buildings, and equipment.

**School Finance  
Glossary of Terms**

### **Free/Reduced Price Meals**

A federal program to provide food, typically lunch and/or breakfast, for students from low-income families. The number of students participating in the National School Lunch Program is increasingly being used to measure the poverty level of a school or district population. The number of children in this program can affect schools or districts' eligibility for grants or other funding aimed at helping lower-income families.

### **Full-Time Equivalent (FTE)**

The ratio of time expended in a part-time position to that of a full-time position. The ratio is derived by dividing the amount of employed time required in the part-time position by the amount of employed time required in a corresponding full-time position.

### **Fund**

An independent accounting entity with its own assets, liabilities, and fund balances. Generally, funds are established to account for financing of specific activities of an agency's operations.

### **Funds:**

- **Governmental Funds**  
The General Fund is used to account for the ordinary operations of the District. All transactions except those required or permitted by law to be in another fund are accounted for in this fund. Restricted projects or activities within the General Fund must be identified and separated from unrestricted activities.
- **Special Revenue Funds**  
Established to account for the proceeds from specific revenue sources, which (by law) are restricted to the financing of particular activities.
- **Adult Education Fund**  
Used to account separately for federal, state, and local revenue for adult education programs.
- **Child Development Fund**  
Used to account separately for federal, state, and local revenue to operate child development programs.

## **School Finance Glossary of Terms**

- **Cafeteria Fund**

Used to account separately for federal, state, and local revenue to operate the food service program.

- **Deferred Maintenance Fund**

Used to account separately for Local Education Agency's contributions for deferred maintenance purposes.

### **Capital Project Funds**

Capital Project Funds are established to account for financial resources to be used for the acquisition or construction of major capital facilities.

- **Building Fund**

Exists primarily to account separately for proceeds from the sale of bonds.

- **Capital Facilities Fund**

Used primarily to account separately for monies received from fees levied on developers or other agencies as a condition of approving a development. The authority for these levies may be county/city ordinances or private agreements between the Local Education Agency and the developer. Interest earned in the Capital Facilities Fund is restricted to that fund.

- **County School Facilities Fund**

Used primarily to account for apportionments received from State School Facilities Fund authorized by the State Allocation Board for new school facility construction, modernization, and facility hardship grants.

- **Special Reserve for Capital Outlay Projects Sub-fund (SRCPF)**

Exists primarily to provide for the accumulation of General Fund monies for capital outlay purposes. Other authorized revenues that may be transferred to the Special Reserve Fund are (1) proceeds from the sale or lease of real property with the option to purchase; (2) rentals and leases of real property specifically authorized for deposit to the fund by the governing board; and, (3) excess amounts sufficient to pay all unpaid bond obligations. The Debt Service Funds are established to account for the accumulation of resources for and the payment of the principal and interest on general long-term debt.

## **School Finance Glossary of Terms**

- **Recreational, Cultural, Athletic Facilities (RCA) Sub-fund**

Used solely for the purpose of acquiring, constructing, operating and maintaining recreational, cultural and athletic facilities.

**Debt Service Funds**

Debt service funds are used to account for the accumulation of resources for the payment of principal and interest on general long-term obligations.

- **Bond Interest and Redemption Fund**

Used for the repayment of bonds issued for a Local Education Agency (Education Code sections 15125-15262, Bond Interest and Sinking Fund).

**Fund Balance**

The excess of the assets of a fund over its liabilities of governmental and similar trust fund.

**Gann Spending Limit**

A ceiling, or limit, on each year's appropriations of tax dollars by the state, cities, counties, school districts, and special districts. In November 1979, California voters approved the late Paul Gann's Proposition 4 to limit the amount of tax money that state and local governments, including school districts, could legally spend. Using 1978-79 as a base year, subsequent years' limits have been adjusted for: (1) an inflation increase equal to the change in the Consumer Price Index or per capita personal income, whichever is smaller; and, (2) the change in population or, for school agencies, change in average daily attendance (ADA). Proposition 111, adopted in June 1990, and amended the Gann Limit inflation factor to be based only on the change in per capita personal income.

**General Aid**

State aid which is not limited to any specific program, purpose, or target population but which may be used to finance the general educational program as determined by the recipient district.

**School Finance  
Glossary of Terms**

### **Generally Accepted Accounting Principles (GAAP)**

Uniform standards and guidelines to financial accounting and reporting which govern the form and content of the basic financial statements of an entity. GAAP encompasses the conventions, rules, and procedures necessary to define standard accounting practices.

### **General Fund**

Accounting term used by the State and school districts to differentiate general revenue and expenditures from those placed in separate budget categories for specific uses, such as the Cafeteria Fund.

### **General Ledger**

A basic group of accounts that record all transactions of a fund or entity.

### **General Obligation Bonds (GO Bonds)**

A local bond for renovating, reconstructing, and building new facilities or for acquiring certain new equipment. GO bonds are financed by an increase in property taxes. School districts can seek either two-thirds or 55% voter approval. If districts seek the 55% approval, they must meet additional accountability requirements.

### **General Purpose Funding**

California school districts receive general-purpose money based on a per pupil revenue limit. They have discretion to spend this money as they see fit for the day-to-day operation of schools, including everything from salaries to the electric bill.

### **General Purpose Revenue (GPR)**

The category of revenue raised by the state that is not designated for specific purposes. GPR generally includes revenue raised from sales and use taxes and state income taxes.

### **General Purpose Tax Rate**

The District's tax rate determined by statute as interpreted by Los Angeles County Controller/Auditor/Tax Collector.

## **School Finance Glossary of Terms**

## **General Reserve**

A budget item which sets aside a reserve fund to start the following fiscal year and cannot be used during the budget year.

## **Governmental Accounting Standards Board (GASB)**

Governmental Accounting Standards Board (GASB) was established to improve standards of state and local governmental accounting and financial reporting that ultimately is designed to result in a greater understanding by users of financial reports and guide and educate the public, including issuers, auditors, and users of those financial reports. GASB has responsibility to establish accounting rules and standards used by governmental agencies. GASB is equivalent to the Financial Accounting Standards Board (FASB) which sets accounting standards for the private sector. The standards created by these bodies are referred to as Generally Accepted Accounting Principles (GAAP). GASB and FASB are not governmental agencies.

## **Governmental Accounting Standards Board Statement No. 34 (GASB 34)**

An accounting standard issued by the Governmental Accounting Standards Board, a non-profit agency. State and local agencies in the United States, including state, county, cities and school agencies, are required to report in this format effective for those periods beginning after June 15, 1999. A three-year phase-in period is utilized by the statement based on the school agency's revenues in all Governmental and Enterprise Funds in the Audited Financial Report as of June 30, 1999, to determine the year in which a school agency must comply. The government-wide financial statements include financial information by function. School agencies continue to account for the day-to-day accounting activities on the modified accrual basis of accounting.

## **Governor's Emergency Education Relief (GEER I)**

One of two main funding sources passed in the Coronavirus Aid, Relief, and Economic Security (CARES) Act. One of three funding sources available for Learning Loss Mitigation Funding (LLMF). Governors may provide subgrants to LEAs within their jurisdiction that have been "most significantly impacted by coronavirus" to support their ability to continue providing educational services to their students and to support the "on-going functionality" of these entities.

## **School Finance Glossary of Terms**

## **Governor’s Emergency Education Relief (GEER II)**

One of two main funding sources passed in the Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act. Governors may provide subgrants to LEAs and Institutions of Higher Education (IHEs) within their jurisdiction that have been “most significantly impacted by coronavirus” to support their ability to continue providing educational services to their students and to support the “on-going functionality” of these entities.

## **Healthy Fitness Zone**

Criterion-referenced standards used to evaluate fitness performance. The standards represent a level of fitness that offers some degree of protection against diseases that result from sedentary living.

## **High Expenditure Districts**

Districts in which the LCFF per child is greater than the state average for similar districts. Most high expenditure districts were formerly called high wealth because their assessed value per ADA was significantly above the statewide average.

## **Highly Qualified Teacher**

According to the Every Student Succeeds Act (ESSA), a highly qualified teacher is one who has obtained full state teacher certification or has passed the state teacher licensing examination and holds a license to teach in the state; holds a minimum of a bachelor’s degree; and has demonstrated subject area competence in each of the academic subjects in which the teacher teaches.

## **Implicit Price Deflator**

A measure of inflation used to compare expenditures over a period of time. The State uses the Implicit Price Deflator for State and Local Government Purchases of Goods and Services to calculate increases to revenue limits.

## **School Finance Glossary of Terms**

### **Indirect Cost Rate**

The rate set by the State to cover a portion of the general expenses of operating the District (overhead costs) to a specific grant or program. School districts may assess indirect costs to some state and federal grants.

### **Indirect Expense and Overhead**

Those elements of indirect cost necessary in the operation of the District or in the performance of a service that are of such nature that the amount applicable to each accounting unit cannot be separately identified. Examples of indirect costs include expenses for the Board of Education, Superintendent, plant operations, and business office staff.

### **Individualized Education Program (IEP)**

A written agreement between a school district and parents, or guardians, of a child with disabilities specifying an educational program tailored to the needs of the child, in accordance with PL 94-142 regulations. The program is comprised of a placement team consisting of a certified district employee who is qualified to supervise Special Education, the child's teacher, one or both parents, the child, if appropriate, and other individuals at the discretion of the parent or school. The program must include a statement of the child's present levels of educational performance, a statement of annual goals and short term instructional objectives, a statement of the specific special education and related services to be provided to the child, the extent to which the child will participate in regular education programs, the projected dates for starting services, appropriate objective criteria, evaluation procedures, and schedules for determining, on at least an annual basis, whether the short term instructional objectives are being achieved.

## **School Finance Glossary of Terms**

### **In-Person Instruction Grant (IPI)**

\$2 billion state funds included in Assembly Bill 86 (AB 86). To be eligible for full funding, LEAs must offer in-person instruction, as defined in Education Code Section 43520.5, including hybrid models, by April 1, 2021 for specified student groups. IPI Grants will be forfeited if an LEA does not offer in-person instruction for all required groups by May 15, 2021, or if in-person instruction is not offered continuously through the end of the scheduled 2020-2021 school year, unless otherwise ordered by a state or local health officer.

IPI Grants may be used for any purpose consistent with providing in-person instruction for any pupil participating in in-person instruction, including, but not limited to, COVID-19 testing, cleaning and disinfection, personal protective equipment, ventilation and other school site upgrades necessary for health and safety, salaries for certificated or classified employees providing in-person instruction or services, and social and mental health support services provided in conjunction with in-person instruction.

### **Intervention Programs**

In general, programs that provide extra support and resources to help improve student or school performance. In California, under the State's Public Schools Accountability Act (PSAA), schools that do not meet Academic Performance Index (API) growth targets within 12 months of implementation of an improvement plan are subject to local interventions such as the reassignment of school personnel, negotiation of site-specific amendments to collective bargaining agreements, or other changes deemed appropriate. Schools that do not meet growth targets or demonstrate significant growth within 24 months of implementation will be subject to state actions.

### **Joint Powers Authority (JPA)**

An agreement among school districts to share services or responsibilities. A Joint Powers Board, made up of representatives of the Districts, governs the JPA.

### **Joint School Districts**

School districts with boundaries that cross county lines.

## **School Finance Glossary of Terms**

### **Learning Loss Mitigation Funding (LLMF)**

Comprised of three different funding sources: CARES Act Governor’s Emergency Education Relief (GEER) funds, CARES Act Coronavirus Relief (CR) Fund, and the state General Fund (GF). Funds to be used for activities that directly support pupil academic achievement and mitigate learning loss related to COVID-19 school closures.

### **Least Restrictive Environment**

Federal law requires students with disabilities be placed so that they can, to the extent appropriate to their individual needs and abilities, be educated with students who are non-disabled.

### **Legislative Analyst’s Office (LAO)**

The Office of the Legislative Analyst (LAO) is a nonpartisan office within the state government that gives fiscal and policy advice to the California Legislature. The LAO provides analysis of adopted state budgets and offers the public information about state initiatives and ballot propositions.

### **Library Media Center (LMC)**

A facility where a variety of information derived from print, non-print and information technology sources is kept for use but not for sale.

## **School Finance Glossary of Terms**

## Local Control Accountability Plan (LCAP)

The LCAP is the LCFF's mechanism for achieving transparency and engagement. It is the way that school districts are required to share performance data, needs, actions, and anticipated outcomes that guide the use of available LCFF funding. Before the start of the 2014-15 school year, each school district had to have a Board approved Local Control and Accountability Plan prior to the adoption of their budget.

According to Education Code section 52060, the LCAP must describe the annual goals for all students including details for low-income, English learners and foster youth that address state and local priorities. The LCAP must also describe the specific actions that the District will take to achieve the goals it has identified with budget details that show the level and type of state expenditures made to support these actions.

The state priorities are expressed as metrics for which districts are expected to develop performance measures to demonstrate how LCFF and the LCAP support student outcomes. The State priorities are as follows:

- Student Achievement
- Student Engagement
- Other Student Outcomes
- School Climate
- Parent Involvement
- Basic Services
- Implementation of State Standards
- Course Access

## School Finance Glossary of Terms

## Local Control Funding Formula (LCFF)

The Local Control Funding Formula (LCFF) replaces the previous K-12 finance system. The LCFF includes the following components for school districts and charter schools:

- Provides a base grant for each LEA per average daily attendance (ADA). The actual base grants vary based on grade span; for 2019-20: K-3 \$7,702 per ADA; 4-6 \$7,818 per ADA; 7-8 \$8,050 per ADA;
- 9-12 \$9,329 per ADA. The LCFF provides an adjustment of 10.4 percent on the base grant amount for kindergarten through grade three (K-3).
- Provides an adjustment of 2.6 percent on the base grant amount for grades nine through twelve.
- Provides a supplemental grant equal to 20 percent of the adjusted base grant for targeted disadvantaged students. Targeted students are those classified as English Learners (EL), eligible to receive a free or reduced-price meal (FRPM), foster youth, or any combination of these factors (unduplicated count).
- Provides a concentration grant equal to 50 percent of the adjusted base grant for targeted students exceeding 55 percent of an LEA's enrollment.
- Provides for additional funding based on an "economic recovery target" to ensure that virtually all districts are at least restored to their 2007-08 state funding levels (adjusted for inflation) and guarantees a minimum amount of state aid to LEAs.

## Local Education Agency (LEA)

A public board of education or other public authority legally constituted within a state for either administrative control or direction of, or to perform a service function for, public elementary or secondary schools in a city, county, township, school district, or other political subdivision of a state, or for a combination of school districts or counties as are recognized in a state as an administrative agency for its public elementary or secondary school. Azusa Unified School District (AUSD) is its own LEA.

## Lottery

Scratch tickets and lotto games, which began in California in October 1985. At least 34% of lottery proceeds are distributed to districts based on enrollment of kindergarten through university students.

## School Finance Glossary of Terms

### **Maintenance Assessment Districts**

Local agencies, including school agencies, may charge property owners a fee for the benefit derived by the property as a result of local agency service improvements. (See Lighting and Landscape Act of 1972, Section 22500 of the Street and Highways Code). School agencies can impose the fee by a vote of the local governing board only, but the agency must show a benefit to each fee payer.

### **Maintenance Factor**

See Proposition 98.

### **Mandated Costs**

School district expenditures that occur because of federal or state laws, decisions of state or federal courts, federal or state administrative regulations. See California Constitution, Article XIII B, Section 6.

### **Master Plan for Special Education**

California categorical program for the education of all children with disabilities originally enacted in 1980 and amended frequently since then.

### **Mentor Teacher**

A specially selected teacher who receives a stipend to work with new and inexperienced teachers on curriculum and instruction.

### **Migrant Education**

The Migrant Education program was designed to supplement the educational and health needs of students who are the children of migrant workers. It provides instructional, health, support, and counseling services for school age migrant children and preschoolers.

### **Miscellaneous Funds**

Local revenues received from royalties, bonuses, and other payments in-lieu of taxes. Fifty percent of such revenues are used as an offset to state aid in the revenue limit formulas.

## **School Finance Glossary of Terms**

### **Multi-Purpose Room (MPR)**

A room within a school that is used for a variety of purposes, such as a cafeteria, assembly forum or sports arena.

### **Multi-Track Schools/Multi-Track Year Round**

A schedule of classes throughout the calendar year to fully utilize school facilities. Students attend about three-quarters of the time, in various schedules determined by each district.

### **Net Assets**

The amount remaining after subtracting total liabilities from total assets on an accrual basis. Net assets are the most accurate indicator of a school district's financial condition.

### **Object of Expenditures**

As used in expenditures classification, applies to the article purchased or the service obtained, rather than to the purpose for which the article or service was purchased or obtained (e.g., personnel services, contractual services, materials and supplies).

- **Certificated Salaries 1000**  
Expenditures for full-time, part-time, and prorated portions of salaries for all certificated personnel.
- **Classified Salaries 2000**  
Expenditures for full-time, part-time, and prorated portions of salaries for all non-certificated personnel.
- **Employee Benefits 3000**  
Expenditures for employer's contributions to retirement plans and for health and welfare benefits for employees and/or their dependents, retired employees, and board members.
- **Books and Supplies 4000**  
Books, supplies, equipment under \$25,000 and equipment replacement for instruction and other district operations, such as administration and maintenance.

## **School Finance Glossary of Terms**

- **Contracted Services and Other Operating 5000**  
Expenditures for consultants, lecturers, Western Association of Schools and Colleges (WASC) reports and testing services, services provided by the County Superintendent of Schools or other school districts, travel, conferences, membership, dues, insurance, utilities, rentals, leases, legal assistance, elections, audits, other contracted services, and inter-program charges and credits for direct services.
- **Capital Outlay 6000**  
Expenditures over \$25,000 for new site construction and improvement of buildings, books and media for new school libraries, or major expansion of school facilities, and new equipment.
- **Other Outgo 7000**  
Expenditures for the retirement of debt, outgoing tuition, interfund transfers, other transfers, and appropriations for contingencies.

### **Organized Associated Student Body (ASB)**

ASB organizations are either organized (secondary) or unorganized (elementary). Student organizations in intermediate schools and high schools are called Organized Student Body Associations because the students organize their activities around student clubs and a student council. See Unorganized Associated Student Body for elementary ASB.

### **Parcel Tax**

In California, an assessment on each parcel of property that must be approved by two-thirds of the voters in a school district. When proposing parcel tax elections, districts indicate how the money will be used, generally for educational programs. Money from parcel taxes is usually not used for school construction or renovation, which is normally financed through a general obligation bond measure. (See Government Code Section 50079, et al.)

### **Per Capita Personal Income**

Total personal income from all sources prior to taxation, divided by the number of residents in a state.

## **School Finance Glossary of Terms**

### **Permissive Override Tax**

Prior to Proposition 13, any of a number of local tax levies that were for specific purposes and that required only the permission of a School Board to be levied. Districts, due to the limitations in property taxes from Proposition 13, are no longer allowed to levy such taxes.

### **PL94-142**

Federal law that mandates a free and appropriate education for all children with disabilities.

### **Prior Year's Taxes**

Tax revenues that had been delinquent in a prior year and that are received in the current fiscal year. These revenues offset state aid in the current year in the Local Control Funding Formula.

### **Principal Apportionment**

Funding from the State School Fund for school districts, county offices of education, and charter schools. The Advance Principal Apportionment is certified by the Superintendent of Public Instruction in July of each school year, followed by the First Principal Apportionment (P1) in February, and the Second Principal Apportionment (P2) in June.

### **Program**

Group activities, operations, or organizational units directed to attaining specific purposes or objectives.

### **Proposition 13 (1978)**

An initiative amendment passed in June 1978 adding Article XIII A to the California Constitution. Tax rates on secured property are restricted to no more than 1% of full cash value. Proposition 13 also defined assessed value and required a two-thirds vote to change existing or levy other new taxes.

## **School Finance Glossary of Terms**

## Proposition 98 (1988)

An initiative adopted in 1988 and then amended by Proposition 111 in 1990. Proposition 98 contains three major provisions: (1) a minimum level of state funding for K-14 school agencies (unless suspended by the Legislature); (2) a formula for allocating any state tax revenues in excess of the state's Gann Limit; and, (3) the requirement that a School Accountability Report Card be prepared for every school. The minimum funding base is set equal to the greater of the amount of state aid determined by two formulas, commonly called Test 1 and Test 2, unless an alternative formula, known as Test 3, applies.

- **Test 1** originally provided that K-14 school agencies shall receive at about 41% of state general fund tax revenues in each year, the same percentage as was appropriated for K-12 school agencies in 1986-87. Due to the shift in property taxes from local governments to K-12 agencies, the Test 1 percentage has been reset at 34.0%.
- **Test 2** provides that K-14 school agencies shall receive at least the same amount of combined state aid and local tax dollars as was received in the prior year, adjusted for the statewide growth in K-14 ADA and an inflation factor equal to the annual percentage change in per capita personal income.
- **Test 3** only applies in years when the annual percentage change in per capita state general fund tax revenues plus one-half percent is lower than the Test 2 inflation factor (i.e. change in per capita personal income), and in this case the Test 2 inflation factor is reduced to the annual percentage change in per capita state general fund tax revenues plus one half percent.

One of the provisions of Proposition 98/111 is that if the minimum funding level is reduced due either to Test 3 or the suspension of the minimum funding level by the Legislature and Governor, a maintenance factor is calculated as the amount of the funding reduction. In subsequent years when state taxes grow quickly, this maintenance factor is added to the minimum funding level until the funding base is fully restored.

## School Finance Glossary of Terms

## **Proposition 51**

Passed in November 2016. Authorized \$9 billion in state general obligation bonds: \$3 billion for new construction, \$3 billion for modernization of K-12 public school facilities, \$1 billion for charter schools and career technical education facilities, and \$2 billion for California Community College facilities.

## **Proprietary Fund**

A fund that meets the criteria established by Governmental Accounting Standards Board (GASB) as a business-type activity. Generally, charges for services would comprise a significant element of the total revenues in a proprietary fund. A for-profit Food Service Fund is the most common school district proprietary fund.

## **Public Employees' Retirement System (PERS or CALPERS)**

State law requires that classified employees, their employer, and the State to contribute to this retirement fund. The fund is the largest public pension fund in the world with over \$150 billion in investments.

## **Public Employment Relations Board (PERB)**

Five persons appointed by the Governor to regulate collective bargaining between site and school employers and employee organizations. (See Government Code Sections 3541, et al.)

## **Purchase Order**

An encumbrance document that shows the vendor from whom a purchase is being made, what is being purchased by the school district, the amount of the purchase, the fund from which the purchase is being made (general, building or bond fund), an accounting code to which the purchase shall be applied, and the signature or initial approval of the designated central office personnel responsible for approving the ordering of goods.

## **Reserves**

Funds set aside in a school district budget to provide for estimated future expenditures or to offset future losses, for working capital, or for other purposes.

## **School Finance Glossary of Terms**

## Resource Specialist Program (RSP)

The resource specialist program provides services to eligible special education students enrolled in general education who are assigned to a general education classroom and teacher. RSP provides direct services in the areas of language arts or math by pulling the eligible student out of the general education setting and offering instruction on a more individualized basis.

### Revenues

All funds received from external sources, net of refunds, and correcting transactions. Non-cash transactions such as receipt of services, commodities, or other receipts in kind are excluded, as are funds received from the issuance of debt, liquidation of investments, and non-routine sale of property.

- **Federal Revenues** include direct grants-in-aid to schools or agencies, funds distributed through a state or intermediate agency, and revenues in lieu of taxes to compensate a school district for nontaxable federal institutions within a district's boundary.
- **Local Revenues** include revenues from such sources as local property and non-property taxes, investments, and revenues from student activities, textbook sales, transportation and tuition fees, and food services.
- **Revenues per Pupil** is the total amount of revenues from all sources received by a school district or state, divided by the number of students as determined, most often, by average daily attendance (ADA). Unlike expenditures per pupil, this formula is based on income per pupil rather than on what is spent per pupil. (See Expenditures per Pupil).
- **Local Control Funding Formula (LCFF)** is the amount of revenue that a district can collect annually for general purposes from local property taxes and state aid. The LCFF limit is composed of a base, supplemental and concentration grants as applicable per ADA. Those rates are then multiplied by the ADA of each applicable grade span. Additional factors are used in the final determination of the funding.
- **State Revenues** include both direct funds from state governments and revenues in lieu of taxation. Revenues in lieu of taxes are paid to compensate a school district for nontaxable state institutions or facilities within the District's boundary.

## School Finance Glossary of Terms

### **Revolving Cash Fund**

A stated amount of money used primarily for emergency, small, or sundry disbursements and reimbursed periodically through properly documented expenditures, which are summarized and charged to proper accounting classifications.

### **Salaries**

Compensation for certificated and classified employees.

### **School Assessment and Review Team (SART)**

A method for involving parents and the community in supporting student and school excellence. This committee allows members to participate in decision-making processes and evaluation of quality programs for students.

### **School Boards**

Law governs every school district in California governed by a locally elected school board. The number of board members, generally between three and seven, relates to the size of the District. Together with the school district administration, the governing board makes many fiscal, personnel, instructional, and student-related policy decisions. The board also provides direction for the District and makes hiring decisions for the District superintendent.

### **School Districts - What is a school district?**

There are three types of school districts: elementary, high school, and unified. An elementary district is generally kindergarten through eighth grade (K–8); high school is generally grades 9 through 12; unified is kindergarten through 12th grade (K–12).

### **School Facility Improvement District (SFID)**

Beginning in 1998, school districts could establish a SFID, which taxes just a portion of the school district but is a general obligation bond (GO bond) based on the value of the property. Beginning in July 2001, the voter-approved threshold for SFIDs changed from two-thirds to 55% with added accountability provisions.

## **School Finance Glossary of Terms**

### **School Improvement Programs (SIP)**

Money granted by the state to selected schools to carry out a plan developed by the school site council for improvement of the school's programs.

### **School Wide Programs**

School wide programs use Title I money to support comprehensive school improvement efforts and help all students, particularly low-achieving and at-risk students, meet state standards at particular schools. To qualify as a Title I school wide program, at least 40% of a school's students must be considered low income. School wide programs can provide Title I services and support to all the children in the school, regardless of income level. School wide programs have more flexibility than targeted assistance programs when using Title I funds. For example, schools operating school wide programs can combine Title I funds with other federal, state, and local funding to finance a more comprehensive approach.

### **Scope of Bargaining**

The range of subjects that are negotiated between school districts and employee organizations during the collective bargaining process. Scope includes matters relating to wages, hours, and working conditions as defined in the government code. The Public Employment Relations Board and the courts are responsible for interpreting disputes about scope.

### **Second Principal Apportionment**

The second statutory date (June 25) by which the Department of Education must recalculate district and county funding entitlements.

### **Secured Property**

Property, which cannot be moved, such as homes and factories.

### **Secured Roll**

That portion of the assessed value that is stationary, i.e., land and buildings. See also Unsecured Roll. The secured roll averages about 90% of the taxable property in a district.

## **School Finance Glossary of Terms**

### **Senate Bill 90/1972 (SB 90)**

Reference to Senate Bill 90/1972 that established the revenue limit system for funding school districts. The first revenue limit amount was determined by dividing the District's 1972-73 state and local income by that year's ADA. This per ADA amount is the historical base for all subsequent revenue limit calculations.

### **Senate Bill 813/1983 (SB 813)**

Reference to Senate Bill 813/1983 that provided a series of education reforms in funding calculations. Longer day, longer year, mentor teachers, and beginning teacher salary adjustments are a few of the programs implemented by this 1983 legislation.

### **Sequestration**

U.S. legal procedure in which automatic spending cuts are triggered.

### **Serrano Decision**

In 1974, the California Superior Court in Los Angeles ruled in the Serrano vs. Priest case that school district revenues in California depended so heavily on local property taxes that students in districts with a low assessed value per pupil were denied an equal educational opportunity in violation of the Equal Protection clause of the California Constitution. This ruling established certain standards under which the school finance system would be constitutional and was upheld by the California Supreme Court in 1976. In 1983, the California Superior Court in Los Angeles County ruled that the system of school finance in effect at that time complied with the earlier Court order. The case was subsequently appealed to the appellate Court that upheld the Superior Court ruling. In March 1989, all the plaintiffs in the case agreed to dismiss their appeals, thereby settling Serrano as a legal issue.

### **Site Based Budgeting**

A method of allocating resources to individual schools within a school district. Most frequently, funds are allocated based on the number of pupils at each school site and a site governance council determines how the budgeted amount will be allocated within the site.

## **School Finance Glossary of Terms**

### **Smarter Balanced Assessment Consortium**

The Smarter Balanced Assessment Consortium is a service provided by a public institution (University of California, Los Angeles), governed by member states/territories and funded with member state/territory fees. Smarter Balanced has developed assessments to accurately measure student progress toward college and career readiness in English language arts/literacy (ELA) and mathematics.

### **Special Day Class (SDC)**

Special Day Class is a self-contained classroom for special education students needing a more restrictive placement than RSP. SDC may provide a safer, more structured environment for learning with a small adult/student ratio.

### **Special Education**

Programs to identify and meet the educational needs of exceptional children, such as those with learning or physical handicaps. Federal law PL 94-142 requires that all children with disabilities between 3 and 22 years be provided free and appropriate education.

### **Special Education Local Plan Area (SELPA)**

All school districts and county school offices are mandated to form consortiums in geographical regions of sufficient size and scope to provide for all special education service needs of children residing within the region boundaries. Each region, Special Education Local Plan Area (SELPA), developed a local plan describing how it would provide special education services. SELPAs facilitate high quality educational programs and services for special needs students and training for parents and educators. The SELPA collaborates with county agencies and school districts to develop and maintain healthy and enriching environments in which special needs students and families can live and succeed.

### **Special Reserve for Capital Outlay Projects Sub-Fund (SRCPF)**

This sub-fund was created to account for revenue and expenditures for capital projects not eligible for local and state bonds.

## **School Finance Glossary of Terms**

### **Standardized Account Code Structure (SACS)**

Standardized Account Code Structure is a method for school agencies to account for their revenues and expenditures. Districts use a 22-digit accounting record that allows agencies to track costs by resource, program goal and function as well as by object code. All districts are required to account by this method.

### **State Allocation Board (SAB)**

A regulatory agency, which controls most state-aided capital outlay and distributes funds for them.

### **State School Fund**

Each year the state appropriates money to this fund, which is then used to make state aid payments to school districts. Section A of the State School Fund is for K-12 education and Section B is for community college education.

### **State Teachers' Retirement System (STRS or CALSTRS)**

State law requires certificated employees, school districts, and the state to contribute to this retirement fund.

### **STRS on Behalf**

GASB 68 requires employers to recognize their proportionate share of the State's STRS liability on the District general ledger.

### **Student Services and School Attendance Officer**

See Truant Officer.

### **Students with Disabilities (SWD)**

The official classification, specified by the federal government, to describe students requiring special education services based on their disability.

## **School Finance Glossary of Terms**

### **Supplemental Roll**

An additional property tax assessment required by local county auditors due to a revision in the AB 8 tax collections. The roll is for those properties for which occupancy permits are issued after the property tax lien date, built prior to the end of the fiscal year; i.e. between March 1 and June 30.

### **Supplemental Services**

Students from low-income families who are attending schools that have been identified as failing for two years are eligible to receive outside tutoring for academic assistance under Every Student Succeeds Act (ESSA). Parents can choose the appropriate services for their child from a list of approved providers. The school district provides the services.

### **Supplies**

Supplies for instruction include class textbooks and other instructional materials.

### **Targeted Assistance Schools (TAS)**

Title I schools that are ineligible for a school wide program or choose not to operate a school wide program are considered targeted assistance schools. These schools use Title I funds to provide services to eligible students who are identified as having the greatest need for special assistance in meeting the state content standards.

### **Tax Rate**

The amount of tax stated in terms of a unit of the tax base.

### **Tax Rate Limit**

The maximum rate of tax that a governmental unit may levy.

### **Test 1/Test 2/Test 3**

See Proposition 98

## **School Finance Glossary of Terms**

## **Title I**

A federal program that provides funds for educationally disadvantaged students, including the children of migrant workers. Funding is based on the number of low-income children in a school, generally those eligible for the free/reduced price meals program. Title I is intended to supplement, not replace, State and district funds. The funds are distributed to school districts, which make allocations to eligible schools, according to criteria in the federal law. Schools receiving Title I monies are supposed to involve parents in deciding how those funds are spent and in reviewing progress. See Every Student Succeeds Act (ESSA), School wide Programs, and Targeted Assistance Schools (TAS).

## **Truant Officer**

An official who investigates unauthorized absences from school.

## **Tuition**

Fees paid to school districts outside the state, and to private schools both inside the state and outside the state, for educating elementary and secondary school students (grades pre-kindergarten through grade 12). Special needs children who cannot receive the education and services they require within their school district are sometimes sent to private schools.

## **Unduplicated Count**

The number of pupils receiving special education or special services under the Master Plan for Special Education on the census dates of December 1 and April 1. It also refers to the percentage of students who qualify for free or reduced-price meals, English learners, homeless or foster youth. Even though a pupil may receive multiple services, each pupil is counted only once in the unduplicated count.

## **Unduplicated Pupil Percentage (UPP)**

The percentage of target students a district has compared to their total enrollment.

## **School Finance Glossary of Terms**

**Unencumbered Balance**

That portion of an appropriation or allotment not yet expended or obligated.

**Unorganized Associated Student Body (ASB)**

ASB organizations are either organized (secondary) or unorganized (elementary). Student organizations in elementary schools are unorganized student body associations because the students do not form clubs or a student council. While students in the elementary schools do raise funds, they have only limited involvement in decisions about the fund-raising events and how the funds are to be spent. The governing board delegates authority to oversee the raising and spending of funds to the school principal or designee. (See Organized Associated Student Body for secondary ASB.)

**Unearned Revenue**

Revenue received in a given fiscal year but not earned until after the fiscal year has ended. For example, funds collected from parents for their child's food service account that remain in the account for use in the next school year.

**Unsecured Property**

Movable property such as boats and airplanes. This property is taxed at the previous year's secured property tax rate.

**Unsecured Roll**

That portion of assessed property that is movable, such as boats and airplanes.

**Waivers**

Permission from the State Board of Education or in some cases, from the Superintendent of Public Instruction to set aside the requirements of an Education Code provision upon the request of a school district. (See Education Code Section 33050.)

**Warrant**

A written order approved by the Board drawn to pay a specified amount to a designated payee.

ANNUAL BUDGET REPORT:

July 1, 2023 Budget Adoption

Select applicable boxes:

X This budget was developed using the state-adopted Criteria and Standards. It includes the expenditures necessary to implement the Local Control and Accountability Plan (LCAP) or annual update to the LCAP that will be effective for the budget year. The budget was filed and adopted subsequent to a public hearing by the governing board of the school district pursuant to Education Code sections 33129, 42127, 52060, 52061, and 52062.

X If the budget includes a combined assigned and unassigned ending fund balance above the minimum recommended reserve for economic uncertainties, at its public hearing, the school district complied with the requirements of subparagraphs (B) and (C) of paragraph (2) of subdivision (a) of Education Code Section 42127.

Criteria and Standards Review Summary

The following summary is automatically completed based on data provided in the Criteria and Standards Review (Form 01CS). Criteria and standards that are "Not Met," and supplemental information and additional fiscal indicators that are "Yes," may indicate areas of potential concern for fiscal solvency purposes and should be carefully reviewed.

CRITERIA AND STANDARDS			Met	Not Met
1	Average Daily Attendance	Budgeted (funded) ADA has not been overestimated by more than the standard for the prior fiscal year, or two or more of the previous three fiscal years.	X	
CRITERIA AND STANDARDS (continued)			Met	Not Met
2	Enrollment	Enrollment has not been overestimated by more than the standard for the prior fiscal year, or two or more of the previous three fiscal years.		X
3	ADA to Enrollment	Projected second period (P-2) ADA to enrollment ratio is consistent with historical ratios for the budget and two subsequent fiscal years.	X	
4	Local Control Funding Formula (LCFF) Revenue	Projected change in LCFF revenue is within the standard for the budget and two subsequent fiscal years.	X	
5	Salaries and Benefits	Projected ratios of total unrestricted salaries and benefits to total unrestricted general fund expenditures are consistent with historical ratios for the budget and two subsequent fiscal years.	X	
6a	Other Revenues	Projected operating revenues (e.g., federal, other state, and other local) are within the standard for the budget and two subsequent fiscal years.		X
6b	Other Expenditures	Projected operating expenditures (e.g., books and supplies, and services and other operating) are within the standard for the budget and two subsequent fiscal years.		X
7	Ongoing and Major Maintenance Account	If applicable, required contribution to the ongoing and major maintenance account (i.e., restricted maintenance account) is included in the budget.	X	
8	Deficit Spending	Unrestricted deficit spending, if any, has not exceeded the standard for two or more of the last three fiscal years.	X	
9	Fund Balance	Unrestricted general fund beginning balance has not been overestimated by more than the standard for two or more of the last three fiscal years.	X	
10	Reserves	Projected available reserves (e.g., reserve for economic uncertainties, unassigned/unappropriated amounts) meet minimum requirements for the budget and two subsequent fiscal years.	X	
SUPPLEMENTAL INFORMATION			No	Yes
S1	Contingent Liabilities	Are there known or contingent liabilities (e.g., financial or program audits, litigation, state compliance reviews) that may impact the budget?	X	
S2	Using One-time Revenues to Fund Ongoing Expenditures	Are there ongoing general fund expenditures in excess of one percent of the total general fund expenditures that are funded with one-time resources?	X	
S3	Using Ongoing Revenues to Fund One-time Expenditures	Are there large non-recurring general fund expenditures that are funded with ongoing general fund revenues?	X	
S4	Contingent Revenues	Are any projected revenues for the budget or two subsequent fiscal years contingent on reauthorization by the local government, special legislation, or other definitive act (e.g., parcel taxes, forest reserves)?	X	
S5	Contributions	Have contributions from unrestricted to restricted resources, or transfers to or from the general fund to cover operating deficits, changed by more than the standard for the budget or two subsequent fiscal years?		X

SUPPLEMENTAL INFORMATION (continued)			No	Yes
S6	Long-term Commitments	Does the district have long-term (multiyear) commitments or debt agreements? • If yes, have annual payments for the budget or two subsequent fiscal years increased over prior year's (2022-23) annual payment?		X
				X
S7a	Postemployment Benefits Other than Pensions	Does the district provide postemployment benefits other than pensions (OPEB)? • If yes, are they lifetime benefits? • If yes, do benefits continue beyond age 65? • If yes, are benefits funded by pay-as-you-go?		X
			X	
			X	
				X
S7b	Other Self-insurance Benefits	Does the district provide other self-insurance benefits (e.g., workers' compensation, employee health and welfare, or property and liability)?		X
S8	Status of Labor Agreements	Are salary and benefit negotiations still open for: • Certified? (Section S8A, Line 1) • Classified? (Section S8B, Line 1) • Management/supervisor/confidential? (Section S8C, Line 1)		X

			06/20/2023	
S10	LCAP Expenditures	Does the school district's budget include the expenditures necessary to implement the LCAP or annual update to the LCAP as described in the Local Control and Accountability Plan and Annual Update Template?		X
ADDITIONAL FISCAL INDICATORS			No	Yes
A1	Negative Cash Flow	Do cash flow projections show that the district will end the budget year with a negative cash balance in the general fund?	X	
A2	Independent Position Control	Is personnel position control independent from the payroll system?	X	
A3	Declining Enrollment	Is enrollment decreasing in both the prior fiscal year and budget year?		X
A4	New Charter Schools Impacting District Enrollment	Are any new charter schools operating in district boundaries that are impacting the district's enrollment, either in the prior fiscal year or budget year?	X	
A5	Salary Increases Exceed COLA	Has the district entered into a bargaining agreement where any of the budget or subsequent fiscal years of the agreement would result in salary increases that are expected to exceed the projected state funded cost-of-living adjustment?	X	
ADDITIONAL FISCAL INDICATORS (continued)			No	Yes
A6	Uncapped Health Benefits	Does the district provide uncapped (100% employer paid) health benefits for current or retired employees?	X	
A7	Independent Financial System	Is the district's financial system independent from the county office system?	X	
A8	Fiscal Distress Reports	Does the district have any reports that indicate fiscal distress? If yes, provide copies to the COE, pursuant to EC 42127.6(a).	X	
A9	Change of CBO or Superintendent	Have there been personnel changes in the superintendent or chief business official (CBO) positions within the last 12 months?	X	

ANNUAL CERTIFICATION REGARDING SELF-INSURED WORKERS' COMPENSATION CLAIMS

Pursuant to Education Code Section 42141, if a school district, either individually or as a member of a joint powers agency, is self-insured for workers' compensation claims, the superintendent of the school district annually shall provide information to the governing board of the school district regarding the estimated accrued but unfunded cost of those claims. The governing board annually shall certify to the county superintendent of schools the amount of money, if any, that it has decided to reserve in its budget for the cost of those claims.

To the County Superintendent of Schools:

Our district is self-insured for workers' compensation claims as defined in Education Code Section 42141(a):

Total liabilities actuarially determined:	\$ 2,564,793.00
Less: Amount of total liabilities reserved in budget:	\$ 4,570,967.00
Estimated accrued but unfunded liabilities:	\$ (2,006,174.00)

This school district is self-insured for workers' compensation claims through a JPA, and offers the following information:

This school district is not self-insured for workers' compensation claims.

Signed

\_\_\_\_\_  
Clerk/Secretary of the Governing Board

**SECTION IV - Detail of Adjustments to Base Expenditures (used in Section III, Line A.1)**

Description of Adjustments	Total Expenditures	Expenditures Per ADA
Total adjustments to base expenditures	0.00	0.00

**Part I - General Administrative Share of Plant Services Costs**

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

**A. Salaries and Benefits - Other General Administration and Centralized Data Processing**

- 1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)  
(Functions 7200-7700, goals 0000 and 9000) 3,402,132.00
- 2. Contracted general administrative positions not paid through payroll
  - a. Enter the costs, if any, of general administrative positions performing services ON SITE but paid through a contract, rather than through payroll, in functions 7200-7700, goals 0000 and 9000, Object 5800. \_\_\_\_\_
  - b. If an amount is entered on Line A2a, provide the title, duties, and approximate FTE of each general administrative position paid through a contract. Retain supporting documentation in case of audit.

**B. Salaries and Benefits - All Other Activities**

- 1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)  
(Functions 1000-6999, 7100-7180, & 8100-8400; Functions 7200-7700, all goals except 0000 & 9000) 95,763,622.00

**C. Percentage of Plant Services Costs Attributable to General Administration**

(Line A1 plus Line A2a, divided by Line B1; zero if negative) (See Part III, Lines A5 and A6) 3.55%

**Part II - Adjustments for Employment Separation Costs**

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

**A. Normal Separation Costs (optional)**

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. Retain supporting documentation. \_\_\_\_\_

**B. Abnormal or Mass Separation Costs (required)**

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero. 0.00

**Part IV - Carry-forward Adjustment**

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates

the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

<b>A. Indirect costs incurred in the current year (Part III, Line A8)</b>	7,680,352.13
<b>B. Carry-forward adjustment from prior year(s)</b>	
1. Carry-forward adjustment from the second prior year	863,279.75
2. Carry-forward adjustment amount deferred from prior year(s), if any	0.00
<b>C. Carry-forward adjustment for under- or over-recovery in the current year</b>	
1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (6.68%) times Part III, Line B19); zero if negative	0.00
2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (6.68%) times Part III, Line B19) or (the highest rate used to recover costs from any program (6.68%) times Part III, Line B19); zero if positive	(202,237.54)
<b>D. Preliminary carry-forward adjustment (Line C1 or C2)</b>	(202,237.54)
<b>E. Optional allocation of negative carry-forward adjustment over more than one year</b>	
Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.	
Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	5.71%
Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment (\$-101118.77) is applied to the current year calculation and the remainder (\$-101118.77) is deferred to one or more future years:	5.79%
Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment (\$-67412.51) is applied to the current year calculation and the remainder (\$-134825.03) is deferred to one or more future years:	5.81%
LEA request for Option 1, Option 2, or Option 3	1
<b>F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if Option 2 or Option 3 is selected)</b>	(202,237.54)

Approved indirect cost rate: 6.68%

<b>D. COMMENTS:</b>					

Data from this report will be used to prepare a report to the Legislature as required by Control Section 24.60 of the Budget Act.

\*Pursuant to Government Code Section 8880.4(a)(2)(B) and the definition in Education Code Section 60010(h), Resource 6300 funds are to be used for the purchase of instructional materials only. Any amounts in the shaded cells of this column should be reviewed for appropriateness.

Provide methodology and assumptions used to estimate ADA, enrollment, revenues, expenditures, reserves and fund balance, and multiyear commitments (including cost-of-living adjustments).  
Deviations from the standards must be explained and may affect the approval of the budget.

**Explanation:**  
(required if NOT met)

District's enrollment declined at a slightly higher rate than projected. 2023-2024 and all future years have been adjusted to reflect the updated information.

**3C. Comparison of District ADA to Enrollment Ratio to the Standard**

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD MET - Projected P-2 ADA to enrollment ratio has not exceeded the standard for the budget and two subsequent fiscal years.

**Explanation:**  
(required if NOT met)

4. CRITERION: LCFF Revenue

STANDARD: Projected local control funding formula (LCFF) revenue for any of the budget year or two subsequent fiscal years has not changed from the prior fiscal year by more than the change in population, plus the district's gap funding or cost-of-living adjustment (COLA)\* and its economic recovery target payment, plus or minus one percent.

For basic aid districts, projected LCFF revenue has not changed from the prior fiscal year by more than the percent change in property tax revenues plus or minus one percent.

For districts funded by necessary small school formulas, projected LCFF revenue has not changed from the prior fiscal year amount by more than the district's gap funding or COLA\* and its economic recovery target payment, plus or minus one percent.

\* Districts that are already at or above their LCFF target funding as described in Education Code Section 42238.03(d) receive no gap funding. These districts have a COLA applied to their LCFF target, but their year-over-year revenue increase might be less than the statutory COLA due to certain local factors and components of the funding formula.

4A. District's LCFF Revenue Standard

Indicate which standard applies:

LCFF Revenue

Basic Aid

Necessary Small School

The District must select which LCFF revenue standard applies.

1st Subsequent Year (2024-25)	6,977,110.00	(77.15%)	Yes
2nd Subsequent Year (2025-26)	6,977,110.00	0.00%	No

**Explanation:**  
(required if Yes)

Federal Revenues increase in 2023-2024 due to recognizing revenues in the the various ESSER grants, and in 2024-2025, those grants are projected to be fully spent down, and the revenues are removed.

**Other State Revenue (Fund 01, Objects 8300-8599) (Form MYP, Line A3)**

First Prior Year (2022-23)	31,182,004.00

2nd Subsequent Year (2025-26)	16,553,185.00	(.10%)	No

**Explanation:**  
(required if Yes)

Other State Revenues decrease in 2023-2024 due to the removal of one time funds for Arts, Music, and Instructional Materials Grant and the Learning Recovery Block Grant. In 2024-2025, Other State Revenues are further decreased by the In Person Instruction Grant being fully spent out, and the revenues removed.

**Other Local Revenue (Fund 01, Objects 8600-8799) (Form MYP, Line A4)**

7. **CRITERION: Facilities Maintenance**

STANDARD: Confirm that the annual contribution for facilities maintenance funding is not less than the amount required pursuant to Education Code Section 17070.75, if applicable, and that the district is providing adequately to preserve the functionality of its facilities for their normal life in accordance with Education Code sections 52060(d)(1) and 17002(d)(1).

**Determining the District's Compliance with the Contribution Requirement for EC Section 17070.75 - Ongoing and Major Maintenance/Restricted Maintenance Account (OMMA/RMA)**

**NOTE:** EC Section 17070.75 requires the district to deposit into the account a minimum amount equal to or greater than three percent of the total general fund expenditures and other financing uses for that fiscal year. Statute exclude the following resource codes from the total general fund expenditures calculation: 3212, 3213, 3214, 3216, 3218, 3219, 3225, 3226, 3227, 3228, 5316, 5632, 5633, 5634, 7027, and 7690.

**8C. Comparison of District Deficit Spending to the Standard**

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD MET - Unrestricted deficit spending, if any, has not exceeded the standard percentage level in two or more of the three prior years.

**Explanation:**  
(required if NOT met)

9. **CRITERION: Fund Balance**

STANDARD: Budgeted beginning unrestricted general fund balance has not been overestimated for two out of three prior fiscal years by more than the following percentage levels:

Percentage Level <sup>1</sup>	District ADA
1.7%	0 to 300
1.3%	301 to 1,000
1.0%	1,001 to 30,000
0.7%	30,001 to 400,000
0.3%	400,001 and over

<sup>1</sup> Percentage levels equate to a rate of deficit spending which would eliminate recommended reserves for economic uncertainties over a three year period.

**10D. Comparison of District Reserve Amount to the Standard**

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD MET - Projected available reserves have met the standard for the budget and two subsequent fiscal years.

**Explanation:**  
(required if NOT met)

**SUPPLEMENTAL INFORMATION**

DATA ENTRY: Click the appropriate Yes or No button for items S1 through S4. Enter an explanation for each Yes answer.

**S1. Contingent Liabilities**

1a. Does your district have any known or contingent liabilities (e.g., financial or program audits, litigation, state compliance reviews) that may impact the budget?

1b. If Yes, identify the liabilities and how they may impact the budget:

**S2. Use of One-time Revenues for Ongoing Expenditures**

1a. Does your district have ongoing general fund expenditures in the budget in excess of one percent of the total general fund expenditures that are funded with one-time resources?

1b. If Yes, identify the expenditures and explain how the one-time resources will be replaced to continue funding the ongoing expenditures in the following fiscal years:

**S3. Use of Ongoing Revenues for One-time Expenditures**

1a. Does your district have large non-recurring general fund expenditures that are funded with ongoing general fund revenues?

1b. If Yes, identify the expenditures:

**S4. Contingent Revenues**

1a. Does your district have projected revenues for the budget year or either of the two subsequent fiscal years contingent on reauthorization by the local government, special legislation, or other definitive act (e.g., parcel taxes, forest reserves)?

1b. If Yes, identify any of these revenues that are dedicated for ongoing expenses and explain how the revenues will be replaced or expenditures reduced:

**S5. Contributions**

Identify projected contributions from unrestricted resources in the general fund to restricted resources in the general fund for the budget year and two subsequent fiscal years. Provide an explanation if contributions have changed from the prior fiscal year amounts by more than \$20,000 and more than ten percent. Explanation should include whether contributions are ongoing or one-time in nature.

Identify projected transfers to or from the general fund to cover operating deficits in either the general fund or any other fund for the budget year and two subsequent fiscal years. Provide an explanation if transfers have changed from the prior fiscal year amounts by more than \$20,000 and more than ten percent. Explanation should include whether transfers are ongoing or one-time in nature.

Estimate the impact of any capital projects on the general fund operational budget.

**1d. Impact of Capital Projects**

Do you have any capital projects that may impact the general fund operational budget?

No

\* Include transfers used to cover operating deficits in either the general fund or any other fund.

**S5B. Status of the District's Projected Contributions, Transfers, and Capital Projects**

DATA ENTRY: Enter an explanation if Not Met for items 1a-1c or if Yes for item 1d.

1a. NOT MET - The projected contributions from the unrestricted general fund to restricted general fund programs have changed by more than the standard for one or more of the budget or subsequent two fiscal years. Identify restricted programs and amount of contribution for each program and whether contributions are ongoing or one-time in nature. Explain the district's plan, with timeframes, for reducing or eliminating the contribution.

**Explanation:**

(required if NOT met)

In 2022-2023 and 2023-2024, the District anticipates the contributions to Routine Restricted Maintenance will be higher than the required 3% minimum due to School Reorganization. By 2024-2025, levels will return as projects will be completed.

1b. MET - Projected transfers in have not changed by more than the standard for the budget and two subsequent fiscal years.

**Explanation:**

(required if NOT met)

- 1c. NOT MET - The projected transfers out of the general fund have changed by more than the standard for one or more of the budget or subsequent two fiscal years. Identify the amount(s) transferred, by fund, and whether transfers are ongoing or one-time in nature. If ongoing, explain the district's plan, with timeframes, for reducing or eliminating the transfers.

**Explanation:**

(required if NOT met)

The District will transfer \$1,000,000 to Fund 14 to support Deferred Maintenance Projects.

- 1d. NO - There are no capital projects that may impact the general fund operational budget.

**Project Information:**

(required if YES)

**S6. Long-term Commitments**

Identify all existing and new multiyear commitments<sup>1</sup> and their annual required payments for the budget year and two subsequent fiscal years. Explain how any increase in annual payments will be funded. Also explain how any decrease to funding sources used to pay long-term commitments will be replaced.

<sup>1</sup> Include multiyear commitments, multiyear debt agreements, and new programs or contracts that result in long-term obligations.

**S8. Status of Labor Agreements**

Analyze the status of all employee labor agreements. Identify new labor agreements, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

**If salary and benefit negotiations are not finalized at budget adoption, upon settlement with certificated or classified staff:**

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards, and may provide written comments to the president of the district governing board and superintendent.

# California School District Financial Reporting Requirements

---

- In compliance with the provisions of EC Section 42127(d)(2), and as an added condition of the budget adoption process for the 2014-15 year and each year thereafter, districts must adopt a Local Control and Accountability Plan (LCAP) prior to adopting their budgets.
- Per Education Code (EC) Sections 42127 and 52062, school districts must hold two separate Governing Board public meetings. The first meeting is the Local Control and Accountability Plan (LCAP) and Budget hearing. The second meeting is the LCAP and Budget adoption. The LCAP item must precede the Budget item at each meeting.
